PROXY STATEMENT FOR ANNUAL MEETING OF STOCKHOLDERS
June 9, 2010

This Proxy Statement is furnished in connection with the solicitation of proxies by the Board of Directors, also referred to as the Board of Directors or the Board, of CARROLS RESTAURANT GROUP, INC., a Delaware corporation, to be used at the annual meeting of stockholders (the "Meeting") of the Company which will be held at the Sheraton Syracuse University Hotel & Conference Center, 801 University Avenue Syracuse, NY 13210 on Wednesday, June 9, 2010, at 10:00 A.M. (EDT), and at any adjournment or adjournments thereof.

All references in this Proxy Statement to the "Company", "we", "us", and "our" refer to Carrols Restaurant Group, Inc.

Pursuant to the "notice and access" rules adopted by the Securities and Exchange Commission (the "SEC"), we have elected to provide access to our proxy materials (which include this proxy statement, our 2009 annual report and form of proxy) via the Internet. A Notice of Internet Availability of Proxy Materials ("Notice") will be mailed to our stockholders of record and beneficial owners (stockholders who own their stock through a nominee such as a bank or broker). The document will instruct stockholders on how to access the proxy materials on a secure website referred to in the Notice or how to request printed copies.

In addition, by following the instructions in the Notice, stockholders may request to receive proxy materials in printed form by mail or electronically by e-mail on an ongoing basis. Choosing to receive your future proxy materials by e-mail will save us the cost of printing and mailing documents to you. If you choose to receive future proxy materials by e-mail, you will receive an e-mail next year with instructions containing a link to those materials and a link to the proxy voting site. Your election to receive proxy materials by e-mail will remain in effect until you terminate it.

Your vote is important. Your shares can be voted at the Meeting only if you are present in person or represented by proxy. Even if you plan to attend the meeting, we urge you to authorize your proxy in advance. You may complete your proxy and authorize your vote by proxy over the Internet or by telephone. In addition, if you received paper copies of the proxy materials by mail, you can also complete your proxy and authorize your vote by mail by following the instructions on the proxy card. Completing your proxy and authorizing your vote by proxy over the Internet, by telephone or by written proxy card will ensure your representation at the Meeting regardless of whether you attend in person.

We encourage you to complete your proxy and authorize your vote by proxy electronically by going to the website www.proxyvote.com and entering your 12-digit control number located on your proxy card to create an electronic voting instruction form or complete your proxy and authorize your vote by calling the toll-free number (for residents of the United States and Canada) listed on your Notice and proxy card. Please have your Notice or proxy card in hand when going online or calling. **If you complete your proxy and authorize your vote by proxy electronically over the Internet, you do not need to return your proxy card.** If you choose to complete your proxy by mail, simply mark your proxy card, and then date, sign and return it in the postage-paid envelope provided.

If you hold your shares beneficially in street name through a nominee (such as a bank or broker), you may be able to complete your proxy and authorize your vote by proxy by telephone or the Internet as well as by mail. You should follow the instructions you receive from your nominee to vote these shares.

You may revoke your proxy at any time before it is voted at the Meeting by:

- properly executing and delivering a later-dated proxy (including a telephone or Internet proxy authorization);
- voting by ballot at the Meeting; or
- sending a written notice of revocation to the inspector of election in care of the Corporate Secretary of the Company at the address listed above.

Unless so revoked, the shares represented by proxies will be voted at the Meeting. The shares represented by the proxies solicited by our Board of Directors will be voted in accordance with the directions given therein, but if no direction is given, such shares will be voted (i) FOR the election of the two named director nominees as Class I directors and (ii) FOR the ratification of the appointment of Deloitte & Touche LLP as the independent registered public accounting firm of the Company for the 2010 fiscal year.

Stockholders vote at the Meeting by casting ballots (in person or by proxy) which are tabulated by a person who is appointed by the Board of Directors before the Meeting to serve as inspector of election at the Meeting and who has executed and verified an oath of office. The affirmative vote of (i) a plurality of the shares present at the Meeting and entitled to vote on the subject matter is required to elect the director nominees to the Board of Directors and (ii) a majority of the shares present at the Meeting and entitled to vote on the subject matter is required to ratify the selection of Deloitte & Touche LLP as our independent registered public accounting firm for the 2010 fiscal year and approve any other business which may properly come before the Meeting. Abstentions and broker "non-votes" are included in the determination of the number of shares present at the Meeting for quorum purposes. Abstentions will count as a vote against the proposals, other than the election of directors. Abstentions will not have an effect on the election of directors because directors are elected by a plurality of the votes cast. Broker "non-votes" are not counted in the tabulations of the votes cast on any of the proposals. A broker "non-vote" occurs when a nominee holding shares for a beneficial owner does not vote on a particular proposal because the nominee does not have discretionary voting power with respect to that item and has not received instructions from the beneficial owner. There are no proposals at this Meeting which involve a broker "non-vote."

Our principal executive offices are located at 968 James Street, Syracuse, New York 13203. The approximate date on which the Notice was first sent or given to stockholders was on or about April 27, 2010.

We use a 52 or 53 week fiscal year ending on the Sunday closest to December 31. For convenience, all references herein to the fiscal years ended December 28, 2008 and January 3, 2010 will hereinafter be referred to as the 2008 and 2009 fiscal years, respectively, or the fiscal years ended December 31, 2008 and 2009, respectively. All reference herein to the fiscal year ending January 2, 2011 will hereinafter be referred to as the 2010 fiscal year or the fiscal year ending December 31, 2010. Our fiscal year ended December 31, 2008 contained 52 weeks and our fiscal year ended December 31, 2009 contained 53 weeks.

VOTING SECURITIES

We had outstanding 21,649,870 shares of our common stock, par value \$.01 per share (the "Common Stock"), at the close of business on April 15, 2010. Each share of Common Stock is entitled to one vote on each matter as may properly be brought before the Meeting. Only stockholders of record at the close of business on April 15, 2010 will be entitled to vote.

PROPOSAL 1—ELECTION OF DIRECTORS

Our Board of Directors is divided into three classes of directors, with the classes as nearly equal in number as possible, each serving staggered three-year terms. As a result, approximately one third of our Board of Directors will be elected each year.

The terms of office of our Board of Directors are:

Our Class I directors are Alan Vituli and Daniel T. Accordino; our Class II directors are Joel M. Handel and Clayton E. Wilhite; and our Class III directors are Jack A. Smith, Brian P. Friedman and Nicholas Daraviras.

Two directors will be elected at the Meeting as Class I directors of the Company for a term of three years expiring at the Annual Meeting of Stockholders to be held in 2013 and until their respective successors shall have been elected and shall qualify. The election of directors requires the affirmative vote of a plurality of the shares of Common Stock present in person or by proxy at the Meeting. **Each proxy received will be voted FOR the election of the nominees named below unless otherwise specified in the proxy.** At this time, our Board of Directors knows of no reason why any nominee would be unable to serve. There are no arrangements or understandings between any nominee and any other person pursuant to which such person was selected as a nominee.

Our Corporate Governance and Nominating Committee has reviewed the qualifications of the nominees for director and has recommended each of the nominees for election to the Board of Directors.

aggregate number of meetings of the Board and of any committees of the Board on which they served. The Company does not have a policy on attendance by directors at our annual meeting of stockholders. All but two of our directors serving at such time attended our 2009 annual meeting of stockholders.

As required by the listing standards of The NASDAQ Stock Market LLC (“NASDAQ”), a majority of the members of our Board must qualify as “independent,” as affirmatively determined by our Board. Our Board determines director independence based on an analysis of such listing standards and all relevant securities and other laws and regulations regarding the definition of “independent”.

Consistent with these considerations, after review of all relevant transactions and relationships between each director, any of his or her family members, and us, our executive officers and our independent registered public accounting firm, the Board has affirmatively determined that a majority of our Board is comprised of independent directors. Our independent directors pursuant to NASDAQ are Messrs. Handel, Wilhite, Smith, Friedman and Daraviras.

Committees of the Board

The standing committees of our Board of Directors consist of an Audit Committee, a Compensation Committee, a Corporate Governance and Nominating Committee, and a Finance Committee. Our Board of Directors may also establish from time to time any other committees that it deems necessary or advisable.

Audit Committee

Our Audit Committee, among other things:

- reviews our annual and interim financial statements and reports to be filed with the SEC;

The Audit Committee has the sole and direct responsibility for appointing, evaluating and retaining our independent registered public accounting firm and for overseeing their work. All audit services to be provided to us and all permissible non-audit services, other than de minimis non-audit services, to be provided to us by our independent registered public accounting firm are approved in advance by our Audit Committee. During the fiscal year ended December 31, 2009, the Audit Committee met or acted by unanimous consent on four occasions. Audit Committee Report

The Company's management has the primary responsibility for the financial statements and the reporting process, including the Company's system of internal controls and disclosure controls and procedures. The independent registered public accounting firm audits the Company's financial statements and expresses an opinion on the financial statements based on their audit. The independent registered public accounting firm also performs an annual audit of the Company's system of internal control over financial reporting and expresses an opinion on these internal controls based on their audit. The Audit Committee oversees on behalf of the Board (i) the accounting, financial reporting and internal control processes of the Company and (ii) the audits of the financial statements and internal controls of the Company. The Audit Committee operates under a written charter adopted by the Board.

The Company has an Internal Audit Department that reports to the Audit Committee. The Committee reviews and approves the internal audit plan once a year and receives periodic updates of internal audit activity in meetings held at least quarterly throughout the year. Updates include discussions of audit project results, as well as quarterly assessments of internal controls.

The Audit Committee has met and held discussions with management and Deloitte & Touche LLP ("Deloitte"), the Company's independent registered public accounting firm. Management represented to the Audit Committee that the Company's financial statements for the year ended December 31, 2009 were prepared in accordance with generally accepted accounting principles. We discussed the financial statements with both management and Deloitte. We also discussed with Deloitte the matters required to be discussed by Statement on Auditing Standards No. 114, as amended "Communication with Audit Committees" and Public Company Accounting Oversight Board's (PCAOB) Auditing Standard No. 5, "An Audit of Internal Control Over Financial Reporting That is Integrated with an Audit of Financial Statements." The Audit Committee also discussed with Deloitte the firm's independence from the Company and management, including the independent auditors' written disclosures required by Independent Standards Board Standard No. 1 (Independence Standards Board Standard No. 1, *Independence Discussions with Audit Committees*) as adopted by the PCAOB.

The Audit Committee also discussed with Deloitte the overall scope and plans for the audit. The Audit Committee met with Deloitte both with and without management, to discuss the results of their examination, the evaluation of the Company's internal controls and the overall quality of the Company's financial reporting.

Management has completed its annual documentation, testing, and evaluation of the Company's system of internal control over financial reporting in response to the requirements set forth in Section 404 of the Sarbanes-Oxley Act of 2002 and related regulations. The Audit Committee met periodically, both independently and with management, to review and discuss the Company's progress in complying with Section 404, including PCAOB Auditing Standard No. 5 regarding the audit of the system of internal control over financial reporting. The Audit Committee also met periodically with Deloitte to discuss our internal controls and the status of the Company's Section 404 compliance efforts. At the conclusion of the process, management provided the Audit Committee with a report on the effectiveness of our internal control over financial reporting. The Audit Committee continues to oversee the Company's efforts related to its internal controls.

Based on the foregoing, we have recommended to the Board of Directors that the Company's audited financial statements be included in its Annual Report on Form 10-K for the year ended December 31, 2009, for filing with the Securities and Exchange Commission.

- provides oversight on the development and implementation of the compensation policies, strategies, plans and programs for our outside directors and disclosure relating to these matters; and
- reviews and approves the compensation of our Chief Executive Officer and the other executive officers of us and our subsidiaries.

The processes and procedures by which the Compensation Committee considers and determines executive officer compensation and outside directors’ compensation are described in the Compensation Discussion and Analysis included in this Proxy Statement. The Compensation Committee may form one or more subcommittees, each of which shall take such actions as shall be delegated by the Compensation Committee. The Compensation Committee has adopted a formal, written Compensation Committee charter that complies with SEC rules and regulations and the NASDAQ listing standards. During the fiscal year ended December 31, 2009, the Compensation Committee met or acted by unanimous consent on three occasions. A copy of the Compensation Committee charter is available on the investor relations section of our website at www.carrols.com.

Corporate Governance and Nominating Committee

Our Corporate Governance and Nominating Committee consists of Messrs. Handel and Wilhite, with Mr. Handel serving as the Chairman of the Corporate Governance and Nominating Committee. All of these members are “independent” as defined under Rule 5605 of the NASDAQ listing standards. Our Corporate Governance and Nominating Committee, among other things:

- establishes criteria for Board and committee membership and recommends to our Board of Directors proposed nominees for election to the Board of Directors and for membership on committees of the Board of Directors;
- makes recommendations regarding proposals submitted by our stockholders; and
- makes recommendations to our Board of Directors regarding corporate governance matters and practices.

The Corporate Governance and Nominating Committee has adopted a formal written Corporate Governance and Nominating Committee charter that complies with SEC rules and regulations and the NASDAQ listing standards. During the fiscal year ended December 31, 2009, the Corporate Governance and Nominating Committee met or acted by unanimous written consent on two occasions. A copy of the Corporate Governance and Nominating Committee charter is available on the investor relations section of our website at www.carrols.com.

Nominations For The Board Of Directors

The Corporate Governance and Nominating Committee of the Board of Directors considers director candidates based upon a number of qualifications. The qualifications for consideration as a director nominee vary according to the particular area of expertise being sought as a complement to the existing composition of the Board. At a minimum, however, the Corporate Governance and Nominating Committee seeks candidates for director who possess:

- the highest personal and professional ethics, integrity and values;
- the ability to exercise sound judgment;

- the ability to make independent analytical inquiries;
- willingness and ability to devote adequate time, energy and resources to diligently perform Board and Board committee duties and responsibilities; and
- a commitment to representing the long-term interests of the stockholders.

In addition to such minimum qualifications, the Corporate Governance and Nominating Committee takes into account the following factors when considering a potential director candidate:

- whether the individual possesses specific industry expertise and familiarity with general issues affecting our business; and
- whether the person would qualify as an “independent” director under SEC and NASDAQ rules.

The Corporate Governance and Nominating Committee has not adopted a specific diversity policy with respect to identifying nominees for director. However, the Corporate Governance and Nominating Committee takes into account the importance of diversified Board membership in terms of the individuals involved and their various experiences and areas of expertise.

The Corporate Governance and Nominating Committee shall make every effort to ensure that the Board and its committees include at least the required number of independent directors, as that term is defined by applicable standards promulgated by NASDAQ and/or the SEC. Backgrounds giving rise to actual or perceived conflicts of interest are undesirable. In addition, prior to nominating an existing director for re-election to the Board, the Corporate Governance and Nominating Committee will consider and review such existing director’s Board and Committee attendance and performance, independence, experience, skills and the contributions that the existing director brings to the Board.

The Corporate Governance and Nominating Committee has not in the past relied upon third-party search firms to identify director candidates, but may employ such firms if so desired. The Corporate Governance and Nominating Committee generally relies upon, receives and reviews recommendations from a wide variety of contacts, including current executive officers, directors, community leaders, and stockholders as a source for potential director candidates. The Board retains complete independence in making nominations for election to the Board.

The Corporate Governance and Nominating Committee will consider qualified director candidates recommended by stockholders in compliance with our procedures and subject to applicable inquiries. The Corporate Governance and Nominating Committee’s evaluation of candidates recommended by stockholders does not differ materially from its evaluation of candidates recommended from other sources. Pursuant to our amended and restated bylaws, any stockholder may recommend nominees for director not less than 90 days nor more than 120 days in advance of the anniversary date of the immediately preceding annual meeting of stockholders, by writing to Joseph A. Zirkman, Vice President, General Counsel and Secretary, Carrols Restaurant Group, Inc., 968 James Street, Syracuse, NY 13203, giving the name, Company stockholdings and contact information of the person making the nomination, the candidate’s name, address and other contact information, any direct or indirect holdings of our securities by the nominee, any information required to be disclosed about directors under applicable securities laws and/or stock exchange requirements, information regarding related party transactions with us, the nominee and/or the stockholder submitting the nomination, and any actual or potential conflicts of interest, the nominee’s biographical data, current public and private company affiliations, employment history and qualifications and status as “independent” under applicable securities laws and/or stock exchange requirements. All of these communications will be reviewed by our Secretary and forwarded to Joel M. Handel, the Chairman of the Corporate Governance and Nominating Committee, for further review and consideration in accordance with this policy. Any such stockholder recommendation should be accompanied by a written statement from the candidate of his or her consent to be named as a candidate and, if nominated and elected, to serve as a director.

Finance Committee

Our Finance Committee consists of Messrs. Vituli and Daraviras, with Mr. Vituli serving as the Chairman of the Finance Committee. Paul Flanders, our Vice President, Chief Financial Officer and Treasurer, serves as a non-Board advisor of the Finance Committee. Our Finance Committee, among other things:

- Reviews and provides guidance to our Board of Directors and management about policies relating to the Company's working capital; shareholder dividends and distributions; share repurchases; significant investments; capital and debt issuances; material financial strategies and strategic investments; and other transactions or financial issues that management desires to have reviewed by the Finance Committee; and
- Will obtain or perform an annual evaluation of the Committee's performance and make applicable recommendations.

Board Leadership Structure and Role in Risk Oversight

Board Leadership

The Chairman of our Board of Directors is also currently the Company's Chief Executive Officer. Our Board of Directors does not currently have a lead independent director. Our Board of Directors believes that the Company's current model of the combined Chairman/Chief Executive Officer role is the appropriate leadership structure for the Company at this time. The Board of Directors believes that each of the possible leadership structures for a board has its particular pros and cons, which must be considered in the context of the specific circumstances, culture and challenges facing a company, and that such consideration falls squarely on the shoulders of a company's board and necessitates a diversity of views and experiences. Mr. Vituli's combined role as Chairman and Chief Executive Officer promotes unified leadership and direction for the Board of Directors and executive management and it allows for a single, clear focus for the chain of command to execute our strategic initiatives and business plans.

Risk Oversight

Our Board of Directors believes that oversight of risk management is the responsibility of the full Board, with support from its committees and senior management. The Board of Directors' principal responsibility in this area is to ensure that sufficient resources, with appropriate technical and managerial skills, are provided throughout the company to identify, assess and facilitate processes and practices to address serious risks. We believe that the current leadership structure enhances the Board of Directors' ability to fulfill this oversight responsibility, as the Chairman and Chief Executive Officer is able to focus the board's attention on the key risks facing the company.

Some risks, particularly those relating to normal operating liabilities, the protection against physical loss or damage to the company's facilities, and the possibility of business interruption resulting from a large loss event, are contained and managed by legal contracts of insurance. The company's insurance contracts are reviewed, managed and procured by the Company's Risk Management and Legal departments to optimize their completeness and efficacy, and our Vice President of Human Resources advises the Board on matters relating to insurance as appropriate. Periodic presentations are made to the Board to identify and discuss risks and risk control and the Board members, and particularly the Audit Committee assess and oversee risk as a component of their review of the business and financial activity of the company.

Code of Ethics

We have adopted written codes of ethics applicable to our directors, officers and employees in accordance with the rules of the SEC and the NASDAQ listing standards. We make our codes of ethics available free of

charge on the investor relations section of our website at www.carrols.com. We will disclose on our website amendments to or waivers from our codes of ethics in accordance with all applicable laws and regulations.

Compensation Discussion and Analysis

Overview

Our Compensation Committee has responsibility for determining and approving the compensation programs for our Chairman of the Board and Chief Executive Officer (the “CEO”) and our other executive officers named in the Summary Compensation Table (the “Named Executive Officers”). As described below, the principal elements of our compensation programs include base salary, annual bonus, long-term incentives including stock options and the ability to defer the receipt of current compensation. Our CEO recommends to the Compensation Committee the base salary, annual bonus and long term compensation levels for the other Named Executive Officers.

Other than cash bonuses under our Executive Bonus Plan, the compensation paid to or earned by the Named Executive Officers in the 2009 fiscal year was, for the most part, approved by the Compensation Committee as part of a comprehensive compensation plan put in place in connection with our December 2006 IPO. Towers Perrin, a nationally recognized, independent consulting firm, was retained prior to the IPO to conduct an analysis of major elements of our executive compensation program, including an analysis of base compensation for our CEO and other executive officers, including the Named Executive Officers, compared to relevant peer companies based on data available at that time. At the time of the IPO and during the immediately succeeding fiscal years, we believed that our executive compensation plans and amounts were comparable to those offered by other restaurant companies with which we compete for executive talent. Since Towers Perrin’s analysis the Compensation Committee has not engaged in any benchmarking or market-check of our competitors’ compensation practices. For the 2010 fiscal year, our Compensation Committee has retained Mercer (US) Inc. to review the Company’s compensation policies, plans and amounts for the CEO and other executive officers, including the Named Executive Officers.

In response to the severe and continued economic downturn and consistent with our efforts to control costs and expenses to the extent possible, the base compensation of our CEO and each Named Executive Officer was frozen in the 2009 fiscal year at the 2008 fiscal year levels and, during the period since the IPO through the 2009 fiscal year, have increased minimally from the levels set in connection with the IPO. Also, our Executive Bonus Plan structure and composition remained largely unchanged during such period. Our 2009 Executive Bonus Plan was approved in January 2009 by the Compensation Committee in place at that time.

Objectives of Compensation Program

The primary objectives of our executive compensation programs are to enable us to attract and retain executives with the requisite qualifications and experience to achieve our business objectives. We accomplish this by utilizing compensation programs that encourage, recognize and reward individual performance and tie a portion of compensation to long-term Company performance. Our programs were designed to permit flexibility in establishing compensation for each individual based upon job responsibilities, individual performance and our results. Our programs were also designed to provide incentives to improve short term performance, achieve long-term sustainable growth in earnings and align the interests of our executive team with our stockholders.

While the Compensation Committee is primarily responsible for the overall oversight of our executive compensation, the CEO, with the assistance of other members of management, provides recommendations with respect to compensation for the other executive officers.

The Compensation Committee believes that the CEO’s input is valuable in determining the compensation of other executive officers given his day to day role in the Company and his responsibility in establishing and implementing the Company’s strategic plans. Therefore, while the Compensation Committee has been and will be primarily responsible for determining executive compensation, the CEO will continue to provide his input and recommendations to the Compensation Committee with respect to compensation for the other executive officers.

Our executive compensation program has consisted of short-term compensation (salary and annual incentive bonus) and long-term compensation (stock options) to achieve our goal of improving earnings and achieving long term sustainable growth in revenues and earnings which we believe constitutes alignment with stockholders' interests.

Short-Term Compensation

Base Salary. The Compensation Committee annually reviews and approves the base salaries of our executive officers based upon recommendations from our CEO. Increases are not preset and typically take into account the individual's performance, responsibilities of the position, potential to contribute to the long term objectives of the company, management skills, future potential and periodically from competitive data. Our executive compensation plan in place since the IPO was designed to compensate our CEO and executive officers, including the Named Executive Officers, with modest annual increases in base salaries combined with the opportunity to earn up to approximately double the amount of base salary in annual cash incentive bonuses based on Company and individual performance, in order to align the interests of our CEO and Named Executive Officers with those of our stockholders.

Factors considered in salary planning included Company performance, budgetary and cost containment issues, competitive market data (from time to time) and current salary levels, as appropriate. At the end of the year, the CEO evaluates each Named Executive Officer's performance and expected future contributions.

For the 2009 fiscal year, the base salaries of our CEO, Alan Vituli, and our President and Chief Operating Officer, Daniel T. Accordino ("President"), were determined pursuant to employment agreements with each of Mr. Vituli and Mr. Accordino, which became effective as of the Effective Time of the IPO in December 2006 and which were amended and restated as of December 13, 2008. Under such employment agreements, the base salaries for Mr. Vituli and Mr. Accordino in the 2009 fiscal year were fixed at \$672,700 and \$517,500 per year, respectively. The employment agreements provide that the base salaries of Messrs. Vituli and Accordino may be increased annually at the sole discretion of the Compensation Committee.

In the 2009 fiscal year, in response to the severe and continued economic downturn and in an effort to contain the Company's costs, our CEO, our President and our executive officers, including the other Named Executive Officers, did not receive any increase in their respective base salaries over the levels established for the 2008 fiscal year.

Annual Incentive Bonus Payments. Annual cash bonuses have been an important component of our compensation program for our executive officers and the Executive Bonus Plan has been approved by the Compensation Committee. Our Executive Bonus Plan has been established annually by the Compensation Committee and measures performance over the Company's fiscal year. Under our Executive Bonus Plan, annual incentive bonus payments are typically paid in March based on performance for the prior fiscal year.

Each of the Named Executive Officers has been eligible to receive a maximum annual incentive bonus ranging from 90% to 105% of base salary, depending on position. With respect to each of the Named Executive Officers other than James E. Tunnessen and Michael A. Biviano, the majority of the potential bonus payments have been tied to the level of increase in earnings per share ("EPS") (as defined and measured under the Executive Bonus Plan) and provided for larger payments to the extent that those thresholds are exceeded. Half of the potential bonus payment for Mr. Tunnessen has been tied to the level of increase in segment value of Pollo Tropical (as defined and measured under the Pollo Tropical Executive Bonus Plan). Half of the potential bonus payment for Mr. Biviano has been tied to the level of increase in segment value of Taco Cabana (as defined and measured under the Taco Cabana Executive Bonus Plan).

Our CEO's and President's maximum bonuses were established at 105% and 100%, respectively, of their base salaries, and were based solely on our financial performance and the increase in EPS in the 2009 fiscal year as compared to the EPS for the 2008 fiscal year. Under the Executive Bonus Plan, EPS was defined as the earnings per share of the Company (based on fully diluted shares outstanding) in accordance with GAAP, excluding, at the Compensation Committee's reasonable discretion, gains or losses that are extraordinary, unusual or non-recurring and may also be based on pro forma calculations. Specifically excluded were gains/losses on the sale of restaurant properties, gains from insurance settlements, the effect of a 53rd week in the 2009 fiscal year, and gains/losses from the extinguishment of debt. Under the plan, no adjustments were made for unusual events in the ordinary course including, among other things, reserves or writedowns for valuation of assets, hurricanes, and changes in commodity costs. Under the Executive Bonus Plan, if we achieved at least a 10% increase in EPS in the 2009 fiscal year as compared to the 2008 fiscal year (as determined by the Compensation Committee in accordance with the plan), each of our CEO and President was entitled to receive a bonus at the rate of 3.5% of his respective base compensation for each 1% increase in excess of the minimum of 10%, up to the maximum percentage of base salaries set forth above. EPS, as calculated in accordance with the terms of the Executive Bonus Plan, was \$0.91 per share in the 2009 fiscal year, an increase of 100.5% (the "EPS Increase") over \$0.45 in the 2008 fiscal year, which resulted in our CEO earning \$706,343, or 105% of his base salary, and our President earning \$517,500, or 100% of his base salary, in incentive bonus compensation for the 2009 fiscal year.

The following is a reconciliation of EPS under the Executive Bonus Plan to the Company's diluted net income per share (as set forth in the Company's audited consolidated financial statements contained in our Annual Report on Form 10-K for the fiscal year ended December 31, 2009):

(amounts per share)	<u>2008</u>	<u>2009</u>
Diluted net income per share	\$0.591	\$ 1.00
Adjustments to exclude:		
Gain on extinguishment of debt	0.126	
Insurance gains	0.013	0.017
Gains on sale of real estate		0.006
Effect of 53 rd week		0.075
EPS for Executive Bonus Plan	<u>\$0.452</u>	<u>\$0.905</u>

With respect to the other Named Executive Officers under the Executive Bonus Plan, if we achieved at least a 10% increase in EPS in the 2009 fiscal year as compared to the 2008 fiscal year, Paul R. Flanders, our Vice President and Chief Financial Officer, would be entitled to receive a bonus at the rate of 2% of his base salary for each 1% increase in EPS in excess of the minimum of 10%, up to a maximum of 60% of his base salary. The EPS Increase resulted in Mr. Flanders earning \$153,360, or 60% of his base salary, in incentive bonus compensation for the 2009 fiscal year. In addition, Mr. Flanders was also eligible to receive a bonus of up to 30% of base salary, based on his individual attainment of specified goals and objectives established for the year. Payments of that portion of Mr. Flanders' bonus tied to individual goals are determined based on the discretion of the CEO and the President based on evaluating achievement of Mr. Flanders' goals and objectives. The determination of whether goals and objectives were met by each Named Executive Officer is not a formulaic, objective or quantifiable standard; rather, the individual performance considerations were just factors (among others) that were generally taken into account in the course of making subjective judgments in connection with the compensation decision. The payment of this portion of the bonus is also conditioned, in its entirety, on the achievement of a pre-determined minimum level of total EBITDA for the Company, which as defined in the Executive Bonus Plan, was 90% of the Company's budgeted total EBITDA. For the 2009 fiscal year, the minimum level of total EBITDA for the Company was \$82.2 million, which the Company surpassed by generating \$90.1 million in total EBITDA. Based on Mr. Flanders' attainment of his individual specified goals and objectives, Mr. Flanders earned an additional \$65,178, or 25.5% of his base salary, in incentive bonus compensation for the 2009 fiscal year. As a result of the foregoing, Mr. Flanders earned a total annual incentive

bonus for the 2009 fiscal year of \$218,538, or 85.5% of his base salary. See Note 12 of our audited consolidated financial statements for a reconciliation of Segment EBITDA for all three of our segments to net income.

Under the Pollo Tropical Executive Bonus Plan, James E. Tunnessen, the Executive Vice President, Pollo Tropical, would receive a bonus if the Pollo Tropical segment value increased more than 10% in the 2009 fiscal year as compared to the 2008 fiscal year and such bonus would be earned at the rate of 2% of Mr. Tunnessen's base salary for each 1% increase in Pollo Tropical segment value in excess of the minimum of 10% up to a maximum bonus of 50% of Mr. Tunnessen's base salary. Under the plan, Pollo Tropical segment value was based upon a formula starting with Segment EBITDA of Pollo Tropical, as adjusted for certain allocated costs, rent payments on lease financing obligations and certain non-recurring items. This calculation was then further reduced for certain capital expenditures, multiplied by a fixed multiple, and then reduced by any Pollo Tropical non-trade indebtedness (as defined but which does not include the Company's senior or subordinated debt). In calculating the change in Pollo Tropical segment value compared to the prior year, further consideration was given to include the effect of the net change in intercompany amounts with Carrols, capital advances, contributions and redemptions. Pollo Tropical segment value for the 2009 fiscal year increased 26.5% over the 2008 fiscal year. Such increase resulted in Mr. Tunnessen earning an additional \$96,761, or 33.0% of his salary, in incentive bonus compensation for the 2009 fiscal year. Also, if we achieved at least a 10% increase in EPS (as determined above) in the 2009 fiscal year as compared to the 2008 fiscal year, Mr. Tunnessen would also earn a bonus at the rate of 2% of his base salary for each 1% increase in EPS in excess of the minimum of 10% up to a maximum of 17% of his base salary. The EPS Increase resulted in Mr. Tunnessen earning \$49,811 or 17.0% of his base salary, in incentive bonus compensation for the 2009 fiscal year. In addition, Mr. Tunnessen was also eligible to receive a bonus of up to 33% of his base salary, which is based on his attainment of specified goals and objectives established for the year for Mr. Tunnessen and determined and paid in the same manner as provided above for Mr. Flanders. The payment of this portion of the bonus is also conditioned, in its entirety, on the achievement of a predetermined minimum level of Segment EBITDA of Pollo Tropical (as disclosed in our audited consolidated financial statements). As set forth in the Executive Bonus Plan, the minimum level of Segment EBITDA for Pollo Tropical for the 2009 fiscal year was \$24.1 million, which Pollo Tropical surpassed by generating \$26.2 million in Segment EBITDA for Pollo Tropical. Consequently, based on Mr. Tunnessen's attainment of his individual specified goals and objectives, Mr. Tunnessen earned an additional \$91,857, or 31.4% of his base salary, in incentive bonus compensation for the 2009 fiscal year. As a result of the foregoing, Mr. Tunnessen's earned a total annual incentive bonus for the 2009 fiscal year of \$238,428, or 81.4% of his base salary.

Under the Taco Cabana Executive Bonus Plan, Michael A. Biviano, the Executive Vice President, Taco Cabana, would receive a bonus if the Taco Cabana segment value increased more than 10% in the 2009 fiscal year as compared to the 2008 fiscal year and such bonus would be earned at the rate of 2% of Mr. Biviano's base salary for each 1% increase in Taco Cabana segment value in excess of the minimum of 10% up to a maximum bonus of 50% of Mr. Biviano's base salary. Under the plan, Taco Cabana segment value was based upon a formula starting with Segment EBITDA of Taco Cabana, as adjusted for certain allocated costs, rent payments on lease financing obligations and certain non-recurring items. This calculation was then further reduced for certain capital expenditures, multiplied by a fixed multiple, and then reduced by any Taco Cabana non-trade indebtedness (as defined but which does not include the Company's senior or subordinated debt). In calculating the change in Taco Cabana segment value compared to the prior year, further consideration was given to include the effect of the net change in intercompany amounts with Carrols, capital advances, contributions and redemptions. Taco Cabana segment value for the 2009 fiscal year increased 26.8% over the 2008 fiscal year. Such increase resulted in Mr. Biviano earning an additional \$98,185, or 33.5% of his salary, in incentive bonus compensation for the 2009 fiscal year. Also, if we achieved at least a 10% increase in EPS (as determined above) in the 2009 fiscal year as compared to the 2008 fiscal year, Mr. Biviano would also earn a bonus at the rate of 2% of his base salary for each 1% increase in EPS in excess of the minimum of 10% up to a maximum of 17% of his base salary. The EPS Increase resulted in Mr. Biviano earning an additional \$49,811, or 17.0% of his base salary, in incentive bonus compensation for the 2009 fiscal year. In addition, Mr. Biviano was also eligible to receive a bonus of up to 33% of his base salary, which is based on his attainment of specified goals and objectives

established for the year for Mr. Biviano and determined and paid in the same manner as provided above for Messrs. Flanders and Tunnessen. The payment of this portion of the bonus was also conditioned, in its entirety, on the achievement of a predetermined minimum level of Segment EBITDA of Taco Cabana (as disclosed in our audited consolidated financial statements). As set forth in the Executive Bonus Plan, the minimum level of Segment EBITDA for Taco Cabana for the 2009 fiscal year was \$30.8 million which Taco Cabana surpassed by generating \$31.0 million in Segment EBITDA for Taco Cabana. Consequently, based on Mr. Biviano's attainment of his individual specified goals and objectives, Mr. Biviano earned an additional \$87,022, or 29.7% of his base salary, in incentive bonus compensation for the 2009 fiscal year. As a result of the foregoing, Mr. Biviano earned a total annual incentive bonus for the 2009 fiscal year of \$235,018, or 80.2% of his base salary.

Long-Term Compensation

The long-term incentive compensation utilized by us for our senior management has been an equity based compensation plan designed to create alignment of senior management's interests with those of our long term stockholders. Specific stock option grants to our CEO and our executive officers, including the Named Executive Officers, have been based on job responsibilities and rewarding individual performance and also take into account the number of shares of our common stock available for grant and issuance under our stock incentive plan. Stock options utilized in the plan have a time-based vesting schedule with a certain percentage of options vesting over a period of time established by the Compensation Committee under our 2006 Stock Incentive Plan, which we refer to as our stock incentive plan. During the 2007 fiscal year, our Compensation Committee established a policy with respect to granting stock options under our stock incentive plan. The Compensation Committee established a policy to annually grant stock options to employees, including the Named Executive Officers, on each January 15 (with an alternative date of July 15 for new employees or employees promoted after January 15). Accordingly, the measurement of the value of any stock option would be based upon the price of our Common Stock at the close of business on those respective grant dates. The Compensation Committee would annually grant such stock options on January 15 based upon recommendations from our CEO, who would provide such recommendations after evaluating the individual performance of our employees (including the Named Executive Officers (other than the CEO)). Such performance evaluations coincide with our normal end of year annual review process for employees and senior management. This has been an important component of the total compensation package for the Named Executive Officers and has been an important retention tool. Because the Compensation Committee's policy has been to grant options annually on a fixed date, the Compensation Committee may grant stock options at a time when it, as well as the CEO and senior management, may be aware of material non-public information that, once made public, could either have a positive or negative effective on the price of our Common Stock.

2006 Stock Incentive Plan. In connection with our IPO, we adopted our stock incentive plan, which provides for the grant of stock options and stock appreciation rights, stock awards, performance awards, outside director stock options and outside director stock awards. Any officer, employee, associate, director and any consultant or advisor providing services to us are eligible to participate in the stock incentive plan.

The stock incentive plan is administered by the Compensation Committee which approves awards and may base its considerations on recommendations by our CEO. The Compensation Committee has the authority to (1) approve stock incentive plan participants, (2) approve whether and to what extent stock options, stock appreciation rights and stock awards are to be granted and the number of shares of stock to be covered by each award (other than an outside director award), (3) approve forms of agreement for use under the stock incentive plan, (4) determine terms and conditions of awards (including, but not limited to, the option price, any vesting restriction or limitation, any vesting acceleration or waiver or forfeiture, and any right of repurchase, right of first refusal or other transfer restriction regarding any award), (5) modify, amend or adjust the terms and conditions of any award, (6) determine the fair market value, and (7) determine the type and amount of consideration to be received by us for any stock award issued.

Stock option grants were made to the CEO and the Named Executive Officers on January 15, 2009 and January 15, 2008. No stock options or other equity awards were granted to any Named Executive Officers in 2007. Please see page 24 under the table entitled “Grants of Plan-Based Awards” for information on the amount and terms of the options granted to the CEO and Named Executive Officers in the 2009 fiscal year.

Vituli and Accordino each provide for continued coverage under our welfare and benefits plans for such executive officer and his eligible dependents after cessation of employment with the Company for the remainder of their respective lives.

- (1) We provide bonus compensation to our executive officers based on an individual's achievement of certain specified objectives and our achievement of specified increases in stockholder value. See "Compensation Discussion and Analysis" above for a discussion of our Executive Bonus Plan. Amounts include cash bonuses paid in fiscal year 2010 and 2008 with respect to services rendered in fiscal year 2009 and 2007, respectively. No bonuses were accrued or were paid related to services rendered for fiscal year 2008.
- (2) The amounts shown in this column represent fair value of stock options granted and approved by the Compensation Committee in each of the fiscal years presented and are consistent with the grant date fair value of the award computed in accordance with FASB ASC Topic 718. Amounts for 2008 and 2007 have been recomputed using the same methodology in accordance with Securities and Exchange Commission rules. See Note 1 to our consolidated financial statements for the year ended December 31, 2009, which are included in our Annual Report on Form 10-K for the fiscal year ended December 31, 2009 filed with the SEC on March 9, 2010 for assumptions used in the calculation of this amount. There were no forfeitures in 2009, 2008 or 2007 by our CEO or the Named Executive Officers. These amounts reflect the grant date fair value for these awards and do not correspond to the actual value that will be recognized by the executives. The actual value, if any, that an executive may realize upon exercise of the options will depend on the excess of the stock price over the base value on the date of exercise, so there is no assurance that the value realized by an executive will be at or near the value estimated by the Black-Scholes model. These grants are included and discussed further in the tables included below under "Outstanding Equity Awards at Fiscal Year-End".
- (3) These amounts represent the above-market portion of earnings on compensation deferred by the Named Executive Officers under our nonqualified Deferred Compensation Plan. Earnings on deferred compensation are considered to be above-market to the extent that the rate of interest exceeds 120% of the applicable federal long-term rate. At December 31, 2009, 2008 and 2007, 120% of the federal long-term rate was 5.02%, 5.35% and 5.68% per annum, respectively, and the interest rate paid to participants in each year was 8.0% per annum.

Vituli Employment Agreement

In December 2006, we and Carrols entered into an employment agreement with Alan Vituli and in December of 2008 we and Carrols entered into an amendment and restatement of such December 2006 employment agreement with Alan Vituli. In December 2006, we and Carrols entered into an employment agreement with Daniel T. Accordino and in December of 2008 we and Carrols entered into an amendment and restatement of such December 2006 employment agreement with Daniel T. Accordino. Pursuant to such employment agreement, as currently in effect, which originally became effective as of the Effective Time and which will expire on December 31, 2010, Mr. Accordino will continue to serve as Carrols' and our President and Chief Operating Officer. The employment agreement is subject to automatic renewals for successive one-year terms unless either Mr. Accordino, we or Carrols elect not to renew the employment agreement by giving written notice to the others at least 90 days before a scheduled expiration date. The employment agreement provided for Mr. Accordino to initially receive an annual base salary of \$500,000 and provides that such amount may be increased annually at the sole discretion of our Compensation Committee. Mr. Accordino's current base salary is \$533,028. (3) All stock options were granted with an exercise price per share equal to the fair market value of our Common Stock on the date of grant, or \$2.60 per share.

(4) The value of option awards granted in 2009 is based on the grant date fair value. See Note 1 to our consolidated financial statements for the year ended December 31, 2009, which are included in our Annual Report on Form 10-K for the fiscal year ended December 31, 2009, filed with the SEC on March 9, 2010, for assumptions used in the calculation of this amount.

- (1) In December 2006, January 2008 and January 2009, we granted option awards to each Named Executive officer pursuant to our stock incentive plan. Messrs. Vituli and Accordino were each granted non-qualified stock options. Messrs. All such options vest over a period of five years, with one-fifth of such options vesting and becoming exercisable on the first anniversary of the grant date and one-sixtieth of such options vesting and becoming exercisable monthly on the first day of each month subsequent to the first anniversary of the grant date.
- (2) Pursuant to Mr. Vituli's current employment agreement, all of Mr. Vituli's unvested stock options will immediately vest and become exercisable in the event that we or Carrols elect not to renew Mr. Vituli's employment agreement after the extended term, which expires on December 31, 2010, and Mr. Vituli ceases to be employed after the end of such extended term, or if Mr. Vituli's employment is terminated by us or Carrols without cause (as defined in Mr. Vituli's employment agreement) or upon Mr. Vituli's retirement.

- (4) Stock options are granted with an exercise price per share equal to the closing price of the Company's common stock on the grant date.

OPTIONS EXERCISED AND STOCK VESTED

The Named Executive Officers did not exercise any stock options during the fiscal year ended December 31, 2009. In addition, the Named Executive Officers currently do not hold any restricted stock.

NONQUALIFIED DEFERRED COMPENSATION

We have a Deferred Compensation Plan for employees not eligible to participate in the Carols Corporation Retirement Savings Plan (the “*Retirement Plan*”) because they have been excluded as “highly compensated” employees (as so defined in the Retirement Plan), to voluntarily defer portions of their base salary and annual bonus. An eligible employee may elect, on a deferral agreement, to defer all or a specified percentage of base salary and, if applicable, all or a specified percentage of cash bonuses. All amounts deferred by the participants earn interest at 8% per annum. We do not match any portion of the funds. All of the Named Executive Officers are eligible to participate in our Deferred Compensation Plan.

The following table describes contributions, earnings and balances at December 31, 2009 under our Deferred Compensation Plan.

Vituli and Accordino Employment Agreements

Mr. Vituli's and Mr. Accordino's respective employment agreements provide that if Mr. Vituli's or Mr. Accordino's employment is terminated without cause (as defined in their respective employment agreements) or Mr. Vituli or Mr. Accordino terminate their respective employment for good reason (as defined in their respective employment agreements), (a) in each case within twelve months following a change of control (as defined in their respective employment agreements), or (b) and a binding agreement with respect to a change of control transaction was entered into during the term of his employment and such change of control transaction occurs within 12 months after the date of his termination of employment, then in either case, Mr. Vituli and Mr. Accordino will each receive a cash lump sum payment equal to 2.99 multiplied by the average of the sum of the their respective base salary and the annual bonus paid under the Executive Bonus Plan or deferred in accordance with the Deferred Compensation Plan in the five calendar years prior to the date of termination. Their respective employment agreements also provide that if Mr. Vituli's or Mr. Accordino's employment is terminated by us or Carrols without cause (other than following a change of control as described above) or Mr. Vituli or Mr. Accordino terminate their respective employment for good reason (other than following a change of control as described above), Mr. Vituli and Mr. Accordino will each receive a cash lump sum payment in an amount equal to two multiplied by the average of the sum of their respective base salary and the annual bonus paid under the Executive Bonus Plan or deferred in accordance with the Deferred Compensation Plan in the five calendar years prior to the date of termination. Their respective employment agreements include non-competition and non-solicitation provisions effective during the term of their respective employment agreements and for two years following the termination of their respective employment agreements.

Change of Control/Severance Agreement

In December 2006, we and Carrols entered into a change of control/severance agreement with each of Messrs. Flanders, Tunnessen and Biviano and six of our other officers. Each change of control/severance agreement provides that if within one year following a "change of control" (as defined in the change of control/severance agreement), such employee's employment is terminated by us or Carrols without cause (as defined in the change of control/severance agreement) or by such employee for good reason (as defined in the change of control/severance agreement), then such employee will be entitled to receive (a) a cash lump sum payment in the amount equal to the product of 18 and the employee's monthly base salary at the then current rate, (b) an amount equal to the aggregate bonus payment for the year in which the employee incurs a termination of employment to which the employee would otherwise have been entitled had his employment not terminated under the Executive Bonus Plan then in effect, and (c) continued coverage under our welfare and benefits plans for such employee and his dependents for a period of up to 18 months. Each change of control/severance agreement also provides that if prior to a change of control or more than one year after a change of control, such employee's employment is terminated by us or Carrols without cause or by such employee for good reason, then such employee will be entitled to receive (a) a cash lump sum payment in the amount equal to one year's salary at the then current rate, (b) an amount equal to the pro rata portion of the aggregate bonus payment for the year in which the employee incurs a termination of employment to which the employee would otherwise have been entitled had his employment not terminated under the Executive Bonus Plan then in effect, and (c) continued coverage under our welfare and benefits plans for such employee and his dependents for a period of up to 18 months. The payments and benefits due under each change of control/severance agreement cannot be reduced by any compensation earned by the employee as a result of employment by another employer or otherwise. The payments are also not subject to any set-off, counterclaim, recoupment, defense or other right that we may have against the employee.

The following table summarizes estimated benefits that would have been payable to Messrs. Vituli and Accordino if the employment of such executive officer had been (1) terminated on December 31, 2009 by the Company without "cause" or by the executive officer for "good reason" within 12 months of a change of control of the Company; (2) terminated on December 31, 2009 by the Company without "cause" or by the executive
