CARROLS RESTAURANT GROUP, INC. AND SUBSIDIARY
NOTES TO UNAUDITED CONSOLIDATED FINANCIAL STATEMENTS
(in thousands of dollars except share and per share amounts)

1. Basis of Presentation

Basis of Consolidation. The unaudited consolidated financial statements presented herein include the accounts of Carrols Restaurant Group, Inc. (“Carrols Restaurant Group” or the “Company”) and its wholly-owned subsidiary Carrols Corporation (“Carrols”). Carrols Restaurant Group is a holding company and conducts all of its operations through Carrols and its wholly-owned subsidiaries. Unless the context otherwise requires, Carrols Restaurant Group, Carrols and the direct and indirect subsidiaries of Carrols are collectively referred to as the “Company.” All intercompany transactions have been eliminated in consolidation.

The difference between the consolidated financial statements of Carrols Restaurant Group and Carrols is primarily due to additional rent expense of approximately \$6 per year for Carrols Restaurant Group and the composition of stockholders’ equity.

Business Description. At June 30, 2009 the Company operated, as franchisee, 314 quick-service restaurants under the trade name “Burger King” in 12 Northeastern, Midwestern and Southeastern states. At June 30, 2009, the Company also owned and operated 91 Pollo Tropical restaurants, of which 85 were located in Florida, four were in New Jersey and one each in New York and Connecticut, and franchised a total of 27 Pollo Tropical restaurants, 21 in Puerto Rico, two in Ecuador, one in the Bahamas and three on college campuses in Florida. At June 30, 2009, the Company owned and operated 154 Taco Cabana restaurants located primarily in Texas and franchised a total of four Taco Cabana restaurants, two in New Mexico, one in Texas and one in Georgia.

Fiscal Year. The Company uses a 52-53 week fiscal year ending on the Sunday closest to December 31. All references herein to the fiscal years ended December 28, 2008 and December 30, 2007 will be referred to as the fiscal years ended December 31, 2008 and 2007, respectively. Similarly, all references herein to the three and six months ended June 28, 2009 and June 29, 2008 will be referred to as the three and six months ended June 30, 2009 and June 30, 2008, respectively. The years ended December 31, 2008 and 2007 each contained 52 weeks and the three and six months ended June 30, 2009 and 2008 contained thirteen and twenty-six weeks, respectively.

Basis of Presentation. The accompanying unaudited consolidated financial statements for the three and six months ended June 30, 2009 and 2008 have been prepared without an audit, pursuant to the rules and regulations of the Securities and Exchange Commission and do not include certain of the information and the footnotes required by accounting principles generally accepted in the United States of America for complete financial statements. In the opinion of management, all normal and recurring adjustments considered necessary for a fair presentation of such financial statements have been included. The results of operations for the three and six months ended June 30, 2009 and 2008 are not necessarily indicative of the results to be expected for the full year.

These unaudited consolidated financial statements should be read in conjunction with the consolidated financial statements and notes thereto for the year ended December 31, 2008 contained in the Company’s 2008 Annual Report on Form 10-K. The December 31, 2008 balance sheet data is derived from those audited financial statements.

Fair Value of Financial Instruments. The following methods were used to estimate the fair value of each class of financial instruments for which it is practicable to estimate the fair value:

- *Current Assets and Liabilities.* The carrying value of cash and cash equivalents and accrued liabilities approximates fair value because of the short maturity of those instruments.
- *Senior Subordinated Notes.* The fair values of outstanding senior subordinated notes are based on quoted market prices. The fair values at June 30, 2009 and December 31, 2008 were approximately \$154.7 million and \$111.4 million, respectively.
- *Revolving and Term Loan Facilities.* Rates and terms under Carrols’ senior credit facility are significantly favorable to debt with similar terms and maturities that could be potentially obtainable, if at all, at June 30, 2009. Given the lack of comparative information regarding such debt it is not practicable to estimate the fair value of our existing borrowings under our senior credit facility at June 30, 2009.

Use of Estimates. The preparation of the financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and disclosure of contingent assets and liabilities at the dates of the financial statements and the reported

CARROLS RESTAURANT GROUP, INC. AND SUBSIDIARY
NOTES TO UNAUDITED CONSOLIDATED FINANCIAL STATEMENTS-(Continued)
(in thousands of dollars except share and per share amounts)

amounts of revenues and expenses during the reporting periods. Significant items subject to such estimates include: accrued occupancy costs, insurance liabilities, legal obligations, income taxes, evaluation for impairment of goodwill, long-lived assets and Burger King franchise rights, lease accounting matters and stock-based compensation. Actual results could differ from those estimates.

2. Stock-Based Compensation

As of June 30, 2009, the total non-vested stock-based compensation expense relating to the options and restricted shares was approximately \$3.4 million and the Company expects to record an additional \$0.7 million as compensation expense in 2009. At June 30, 2009, the remaining weighted average vesting period for stock options and restricted shares was 3.5 years and 1.7 years, respectively.

Stock Options

A summary of all option activity for the six months ended June 30, 2009 was as follows:

	2006 Plan			
	Number of Options	Weighted Average Exercise Price	Average Remaining Contractual Life	Aggregate Intrinsic Value (in thousands) (1)
Options outstanding at January 1, 2009	1,710,764	\$ 12.17	5.3	\$ —
Granted	536,900	2.20		
Forfeited	(57,384)	11.91		
Options outstanding at June 30, 2009	<u>2,190,280</u>	\$ 9.86	5.3	\$ 2,177
Vested or expected to vest at June 30, 2009	<u>2,152,481</u>	\$ 9.88	5.3	\$ 2,124
Options exercisable at June 30, 2009	<u>698,254</u>	\$ 13.05	4.9	\$ —

- (1) The aggregate intrinsic value was calculated using the difference between the market price of the Company's common stock at June 30, 2009 and the grant price for only those awards that had a grant price that was less than the market price of the Company's common stock at June 30, 2009.

3. Impairment and Other Lease Charges

The Company reviews its long-lived assets, principally property and equipment, for impairment at the restaurant level. If an indicator of impairment exists for any of its assets, an estimate of the undiscounted future cash flows for each restaurant is compared to the carrying value of that restaurant's long-lived assets. If the carrying value is greater than the undiscounted cash flow, the Company then determines the fair value of the asset and if an asset is determined to be impaired, the loss is measured by the excess of the carrying amount of the asset over its fair value in addition to any lease liabilities to be incurred for non-operating restaurants.

Impairment and other lease charges recorded on long-lived assets for its segments were as follows:

	Three Months Ended June 30,		Six Months Ended June 30,	
	2009	2008	2009	2008
Burger King	\$ 6	\$ 71	\$ 28	\$ 92
Pollo Tropical	15	—	284	—
Taco Cabana	42	10	42	10
	<u>\$ 63</u>	<u>\$ 81</u>	<u>\$ 354</u>	<u>\$ 102</u>

CARROLS RESTAURANT GROUP, INC. AND SUBSIDIARY
NOTES TO UNAUDITED CONSOLIDATED FINANCIAL STATEMENTS-(Continued)
(in thousands of dollars except share and per share amounts)

During the six months ended June 30, 2009, the Company closed one Pollo Tropical restaurant property in Florida whose fixed assets were impaired in the fourth quarter of 2008, and recorded a charge of \$0.3 million which principally consisted of future minimum lease payments and related ancillary costs from the date of the closure to the end of the remaining lease term, net of any estimated cost recoveries from subletting the property.

4. Goodwill and Franchise Rights

Goodwill. Goodwill is reviewed for impairment annually, or more frequently when events and circumstances indicate that the carrying amounts may be impaired. The Company performs its annual impairment assessment as of December 31 and does not believe circumstances have changed since the last assessment date which would make it necessary to reassess their values. In performing its goodwill impairment test, the Company compares the net book values of its reporting units to their estimated fair values. In determining the estimated fair values of the reporting units, the Company employs a combination of a discounted cash flow analysis and a market-based approach. The results of the discounted cash flow analyses are corroborated with other value indicators where available, such as comparable company earnings multiples and research analyst estimates. No impairment losses have been recognized as a result of these tests. Goodwill balances are summarized below:

	<u>Pollo Tropical</u>	<u>Taco Cabana</u>	<u>Burger King</u>	<u>Total</u>
Balance, June 30, 2009	<u>\$56,307</u>	<u>\$67,177</u>	<u>\$1,450</u>	<u>\$124,934</u>

Burger King Franchise Rights. Amounts allocated to franchise rights for each Burger King acquisition are amortized using the straight-line method over the average remaining term of the acquired franchise agreements plus one twenty-year renewal period. The Company assesses the potential impairment of franchise rights whenever events or changes in circumstances indicate that the carrying value may not be recoverable. If an indicator of impairment exists, an estimate of the aggregate undiscounted future cash flows from the acquired restaurants is compared to the respective carrying value of franchise rights for each Burger King acquisition and if an asset is determined to be impaired, the loss is measured by the excess of the carrying amount of the asset over its fair value. There were no impairment charges recorded against franchise rights for the three and six months ended June 30, 2009 and 2008.

Amortization expense related to Burger King franchise rights was \$784 and \$799 for the three months ended June 30, 2009 and 2008, respectively. Amortization expense related to Burger King franchise rights was \$1,568 and \$1,600 for the six months ended June 30, 2009 and 2008, respectively. The Company estimates the amortization expense for the year ending December 31, 2009 and for each of the five succeeding years to be \$3,197.

5. Long-term Debt

Long-term debt at June 30, 2009 and December 31, 2008 consisted of the following:

	<u>June 30, 2009</u>	<u>December 31, 2008</u>
Collateralized:		
Senior Credit Facility-Revolving credit facility	\$ 3,000	\$ 18,000
Senior Credit Facility-Term loan A facility	114,000	117,000
Unsecured:		
9% Senior Subordinated Notes	165,000	165,000
Capital leases	1,242	1,295
	<u>283,242</u>	<u>301,295</u>
Less: current portion	<u>(15,090)</u>	<u>(12,093)</u>
	<u>\$268,152</u>	<u>\$ 289,202</u>

Senior Credit Facility. On March 9, 2007, Carrols terminated and replaced its prior senior credit facility with a new senior credit facility with a syndicate of lenders. Carrols' senior credit facility initially totaled approximately \$185 million, consisting of \$120 million principal amount of term loan A borrowings maturing on March 8, 2013 (or earlier on March 31, 2012 if the 9% Senior Subordinated Notes due 2013 are not refinanced by June 30, 2012) and a \$65.0 million revolving credit facility (including a sub limit of up to \$25.0 million for letters of credit and up to \$5.0 million for swingline loans), maturing on March 8, 2012.

CARROLS RESTAURANT GROUP, INC. AND SUBSIDIARY
NOTES TO UNAUDITED CONSOLIDATED FINANCIAL STATEMENTS-(Continued)
(in thousands of dollars except share and per share amounts)

The term loan and revolving credit borrowings under the senior credit facility bear interest at a per annum rate, at Carrols' option, of either:

- 1) the applicable margin percentage ranging from 0% to 0.25% based on Carrols' senior leverage ratio (as defined in the senior credit facility) plus the greater of (i) the prime rate or (ii) the federal funds rate for that day plus 0.5%; or
- 2) Adjusted LIBOR plus the applicable margin percentage in effect ranging from 1.0% to 1.5% based on Carrols' senior leverage ratio. At June 30, 2009 the LIBOR margin percentage was 1.25%.

At June 28, 2009, outstanding term loan borrowings under the senior credit facility were \$114.0 million with the remaining balance due and payable as follows:

- 1) eight quarterly installments of \$3.0 million beginning on June 30, 2009;
- 2) four quarterly installments of \$4.5 million beginning on June 30, 2011; and
- 3) four quarterly installments of \$18.0 million beginning on June 30, 2012.

After reserving \$14.3 million for letters of credit guaranteed by the facility, \$47.7 million was available for borrowings under the revolving credit facility at June 28, 2009.

Under the senior credit facility, Carrols is also required to make mandatory prepayments of principal on its term loan borrowings (a) annually in an initial amount equal to 50% of Excess Cash Flow depending upon Carrols' Total Leverage Ratio (as such terms are defined in the senior credit facility), (b) in the event of certain dispositions of assets (all subject to certain exceptions) and insurance proceeds, in an amount equal to 100% of the net proceeds received by Carrols therefrom, and (c) in an amount equal to 100% of the net proceeds from any subsequent issuance of debt. The senior credit facility contains customary default provisions as provided therein, including without limitation, a cross default provision pursuant to which it is an event of default under the senior credit facility if there is a default in the payment of any principal of or interest on any indebtedness of Carrols having an outstanding principal amount of at least \$2.5 million (excluding lease financing obligations but which would include the Indenture governing the Notes, as defined below) or any event or condition which results in the acceleration of such indebtedness prior to its stated maturity.

In general, Carrols' obligations under the senior credit facility are guaranteed by the Company and all of Carrols' material subsidiaries and are collateralized by a pledge of Carrols' common stock and the stock of each of Carrols' material subsidiaries. The senior credit facility contains certain covenants, including, without limitation, those limiting Carrols' ability to incur indebtedness, incur liens, sell or acquire assets or businesses, change the nature of its business, engage in transactions with related parties, make certain investments or pay dividends. In addition, Carrols is required to meet certain financial ratios, including fixed charge coverage, senior leverage, and total leverage ratios (all as defined under the senior credit facility). Carrols was in compliance with the covenants under its senior credit facility as of June 30, 2009.

Senior Subordinated Notes. On December 15, 2004, Carrols issued \$180 million of 9% Senior Subordinated Notes due 2013 (the "Notes"). At both June 30, 2009 and December 31, 2008, \$165.0 million principal amount of the senior subordinated notes were outstanding. During 2008, Carrols repurchased and retired \$15.0 million principal amount of the Notes in open market transactions for \$10.4 million resulting in a gain on extinguishment of debt of \$4.4 million, net of a \$0.3 million write-off of deferred financing costs. Of these repurchases in 2008, \$2.0 million was repurchased in the three months ended June 30, 2008 which resulted in a gain on extinguishment of debt of \$0.2 million.

Restrictive covenants under the Notes include limitations with respect to the Carrols' ability to issue additional debt, incur liens, sell or acquire assets or businesses, pay dividends and make certain investments. The Indenture governing the Notes contains customary default provisions as provided therein, including without limitation, a cross default provision pursuant to which it is an event of default under the Notes and the Indenture if there is a default under any indebtedness of Carrols having an outstanding principal amount of \$20 million or more (which would include the senior credit facility) if such default results in the acceleration of such indebtedness prior to its stated maturity or is caused by a failure to pay principal when due. Carrols was in compliance with the restrictive covenants in the Indenture governing the Notes as of June 30, 2009.

6. Income Taxes

The provision for income taxes for the three and six months ended June 30, 2009 and 2008 was comprised of the following:

	<u>Three Months Ended</u> <u>June 30,</u>		<u>Six Months Ended</u> <u>June 30,</u>	
	<u>2009</u>	<u>2008</u>	<u>2009</u>	<u>2008</u>
Current	\$ 4,125	\$ 1,945	\$ 6,379	\$ 2,444
Deferred	8	(65)	768	249
	<u>\$ 4,133</u>	<u>\$ 1,880</u>	<u>\$ 7,147</u>	<u>\$ 2,693</u>

The provision for income taxes for the three and six months ended June 30, 2009 was derived using an estimated effective annual income tax rate for 2009 of 37.4%, which excludes any discrete tax adjustments. Discrete tax adjustments reduced the provision for income taxes by \$57 in both the three months and six months ended June 30, 2009. The provision for income taxes for the three and six months ended June 30, 2008 was derived using an estimated effective annual income tax rate for 2008 of 37.9%, which excludes any discrete tax adjustments. Discrete tax adjustments reduced the provision for income taxes by \$66 and \$112 for the three and six months ended June 30, 2008, respectively.

The Company recognizes interest and penalties related to uncertain tax positions in income tax expense. As of June 30, 2009 and 2008, the Company had no unrecognized tax benefits and no accrued interest related to uncertain tax positions.

The tax years 2005-2008 remain open to examination by the major taxing jurisdictions to which the Company is subject. It is not possible to reasonably estimate any possible change in the unrecognized tax benefits within the next twelve months due to the uncertainties regarding the timing of any examinations.

7. Other Liabilities, Long-Term

Other liabilities, long-term, at June 30, 2009 and December 31, 2008 consisted of the following:

	<u>June 30,</u> <u>2009</u>	<u>December 31,</u> <u>2008</u>
Accrued occupancy costs	\$ 11,110	\$ 10,949
Accrued workers' compensation costs	4,201	4,312
Deferred compensation	3,047	3,244
Other	3,296	3,224
	<u>\$ 21,654</u>	<u>\$ 21,729</u>

8. Postretirement Benefits

The Company provides postretirement medical and life insurance benefits covering substantially all Burger King administrative and restaurant management salaried employees who retire or terminate after qualifying for such benefits. A December 31 measurement date is used for postretirement benefits.

Net periodic postretirement benefit income	<u>\$ (33)</u>	<u>\$ (106)</u>	<u>\$ (61)</u>	<u>\$ (69)</u>

During the three and six months ended June 30, 2009, the Company made contributions of \$37 and \$72 to its postretirement plan and expects to make additional contributions during 2009.

9. Lease Financing Obligations

The Company has previously entered into sale-leaseback transactions involving certain restaurant properties that did not qualify for sale-leaseback accounting and as a result, were classified as financing transactions under Statement of Financial Accounting Standards ("SFAS") No. 98, "Accounting for Leases" ("SFAS 98"). Under the financing method, the assets remain on the consolidated balance sheet and proceeds received by the Company from these transactions are recorded as a financing liability. Payments under these leases are applied as payments of imputed interest and deemed principal on the underlying financing obligations.

In the second quarter of 2009, the Company purchased from the lessor one of its restaurant properties previously subject to a lease financing obligation for \$1.1 million. The Company also modified provisions in two of its restaurant leases previously accounted for as lease financing obligations which allowed the respective sale transactions to qualify for sale-leaseback accounting and resulted in a reduction of lease financing obligations of \$2.8 million. The Company also entered into a sale transaction for a restaurant property that did not qualify for sale-leaseback accounting and the proceeds of \$0.8 million were recorded as a lease financing obligation. As a result of these transactions in the second quarter of 2009, lease financing obligations were reduced \$3.2 million, assets under lease financing obligations were reduced by \$2.1 million and deferred gains on qualified sale-leaseback transactions of \$0.7 million were recorded.

In the second quarter of 2008, the Company purchased from the lessor six restaurant properties for \$5.5 million that were previously accounted for as lease financing obligations.

In late 2008, the Company also amended or modified certain lease provisions and terminated certain purchase options for certain restaurant leases previously accounted for as lease financing obligations. The changes permitted 24 leases to qualify as operating leases and the related sale-leaseback transactions to be recorded as sales, which removed all of the respective assets under lease financing obligations and related liabilities from the Company's consolidated balance sheet. The gains from these sales were generally deferred and are being amortized as an adjustment to rent expense over the remaining term of the underlying leases.

Interest expense associated with lease financing obligations, including settlement gains and losses, for the three months ended June 30, 2009 and 2008 was \$0.3 million and \$1.4 million, respectively, and for the six months ended June 30, 2009 and 2008 was \$0.6 million and \$2.7 million, respectively.

10. Business Segment Information

The Company is engaged in the quick-service and quick-casual restaurant industry, with three restaurant concepts: Burger King, operating as a franchisee, and Pollo Tropical and Taco Cabana, both Company-owned concepts. The Company's Burger King restaurants are all located in the United States, primarily in the Northeast, Southeast and Midwest. Pollo Tropical is a quick-casual restaurant chain featuring grilled marinated chicken and authentic "made from scratch" side dishes. Pollo Tropical's restaurants are primarily located in south and central Florida. Taco Cabana is a quick-casual restaurant chain featuring fresh Mexican style food, including flame-grilled beef and chicken fajitas, quesadillas and other Tex-Mex dishes. Taco Cabana's restaurants are primarily located in Texas.

The accounting policies of each segment are the same as those described in the summary of significant accounting policies. The following table includes Segment EBITDA, which is the measure of segment profit or loss reported to the chief

operating decision maker for purposes of allocating resources to the segments and assessing their performance. Segment EBITDA is defined as earnings attributable to the applicable segment before interest, income taxes, depreciation and amortization, impairment and other lease charges, stock-based compensation expense, other income and gains and losses on extinguishment of debt.

The “Other” column includes corporate related items not allocated to reportable segments, including stock-based compensation expense. Other identifiable assets consist primarily of cash, certain other assets, corporate property and equipment, including restaurant information systems expenditures, goodwill and deferred income taxes.

11. Commitments and Contingencies

On November 16, 1998, the Equal Employment Opportunity Commission (“EEOC”) filed suit in the United States District Court for the Northern District of New York (the “Court”), under Title VII of the Civil Rights Act of 1964, as amended, against Carrols. The complaint alleged that Carrols engaged in a pattern and practice of unlawful discrimination, harassment and retaliation against former and current female employees. The EEOC identified approximately 450 individuals (which were subsequently increased to 511 individuals) that it believed represented the class of claimants and was seeking monetary and injunctive relief from Carrols. On April 20, 2005, the Court issued a decision and order granting Carrols’ Motion for Summary Judgment that Carrols filed in January 2004. Subject to possible appeal by the EEOC, the case is dismissed; however the Court noted that it was not ruling on the claims, if any, that individual employees might have against Carrols. On February 27, 2006, Carrols filed a motion for summary judgment to dismiss all but between four and 17 of the individual claims. On July 10, 2006, in its response to that motion, the EEOC asserted that, notwithstanding the Court’s dismissal of the case as a class action, the EEOC may still maintain some kind of collective action on behalf of these claimants. Oral argument before the Court was held on October 4, 2006 and the Company is awaiting the Court’s decision on Carrols’ summary judgment motion. The Company does not believe that any individual claim, if any, would have a material adverse impact on its consolidated financial statements. Although the Company believes that the EEOC’s continued class litigation argument is without merit, it is not possible to predict the outcome of the pending motion.

On November 30, 2002, four former hourly employees commenced a lawsuit against Carrols in the United States District Court for the Western District of New York (the “Court”) entitled Dawn Seever, et al. v. Carrols Corporation. The lawsuit alleged, in substance, that Carrols violated certain minimum wage laws under the Federal Fair Labor Standards Act and related state laws by requiring employees to work without recording their time and by retaliating against those who complained. The plaintiffs sought damages, costs and injunctive relief. They also sought to notify and certify a class consisting of current and former employees who, since 1998, have worked, or are working, for Carrols. On December 17, 2007, the Court issued a decision and order denying Plaintiffs’ motion for notice and class certification and granting the Company’s motion to dismiss all of the claims of the plaintiffs, other than certain nominal claims relating to orientation and managers’ meetings. Those nominal claims have now been resolved and on June 10, 2009 the case was dismissed in its entirety with prejudice.

The Company is a party to various other litigation matters incidental to the conduct of business. The Company does not believe that the outcome of any of these other matters will have a material adverse effect on its consolidated financial statements.

12. Net Income per Share

Basic net income per share is computed by dividing net income for the period by the weighted average number of common shares outstanding during the period. Diluted net income per share is computed by dividing net income for the period by the weighted average number of common shares outstanding plus the dilutive effect of outstanding stock options using the treasury stock method.

The computation of diluted net income per share excludes options to purchase 1,067,277 and 1,099,544 shares of common stock in each of the three and six months ended June 30, 2009 and 2008, respectively, because the exercise price of these options was greater than the average market price of the common shares in the periods and therefore, they were antidilutive. In addition, options to purchase 57,500 and 2,538 shares of common stock are excluded from the computation of diluted net income per share in the three and six months ended June 30, 2009 and 2008, respectively, as they were antidilutive under the treasury stock method.

The following table is a reconciliation of the income and share amounts used in the calculation of basic net income per share and diluted net income per share:

	Three months ended June 30,		Six months ended June 30,	
	2009	2008	2009	2008

13. Comprehensive Income

SFAS No. 130, "Reporting Comprehensive Income" ("SFAS 130"), requires the disclosure of certain revenue, expenses, gains and losses that are excluded from net income in accordance with U.S. generally accepted accounting principles. The items that currently impact the Company's other comprehensive income are changes in postretirement benefit obligations, net of tax.

14. Other Income

During the three and six months ended June 30, 2009, the Company recorded a gain of \$0.6 million related to an insurance recovery for damages to Taco Cabana restaurants during Hurricane Ike. The Company recorded a gain of \$0.1 million in the three and six months ended June 30, 2008 related to the sale of a Taco Cabana property.

15. Recent Accounting Developments

In May 2009, the FASB issued SFAS No. 165 (“SFAS 165”), “Subsequent Events,” which provides guidance to establish general standards of accounting for and disclosures of events that occur after the balance sheet date but before financial statements are issued or are available to be issued. It also requires the disclosure of the date through which an entity has evaluated subsequent events and the basis for that date, that is, whether that date represents the date the financial statements were issued or were available to be issued. This disclosure should alert all users of financial statements that an entity has not evaluated subsequent events after that date in the set of financial statements being presented. SFAS 165 is effective for interim and annual periods ending after June 15, 2009. The Company implemented SFAS 165 during the three months ended June 30, 2009. The Company evaluated for subsequent events through August 5, 2009, the issuance date of the Company’s financial statements. No subsequent events requiring disclosure were noted.

In June 2009, the Financial Accounting Standards Board (“FASB”) issued SFAS No. 168 (“SFAS 168”), “The FASB Accounting Standards Codification and the Hierarchy of Generally Accepted Accounting Principles — a replacement of FASB Statement No. 162.” SFAS 168 replaces SFAS No. 162, “The Hierarchy of Generally Accepted Accounting Principles,” and identifies the sources of authoritative accounting principles and the framework for selecting the principles used in the preparation of financial statements that are presented in conformity with generally accepted accounting principles in the U.S. The Company is required to adopt the provisions of SFAS 168 for its interim period ending September 30, 2009 and it will impact the Company’s financial statement disclosures as all future references to authoritative accounting literature will be referenced in accordance with SFAS 168. There will be no changes to the content of the Company’s financial statements or disclosures as a result of implementing SFAS 168.

CARROLS CORPORATION AND SUBSIDIARIES
NOTES TO UNAUDITED CONSOLIDATED FINANCIAL STATEMENTS
(in thousands of dollars, except share and per share amounts)

1. Basis of Presentation

Basis of Consolidation. The unaudited consolidated financial statements presented herein include the accounts of Carrols Corporation and its subsidiaries (the "Company"). The Company is a wholly-owned subsidiary of Carrols Restaurant Group, Inc. ("Carrols Restaurant Group" or the "Parent Company"). All intercompany transactions have been eliminated in consolidation.

The difference between the consolidated financial statements of Carrols Corporation and Carrols Restaurant Group is primarily due to additional rent expense of approximately \$6 per year for Carrols Restaurant Group and the composition of stockholder's equity.

Business Description. At June 30, 2009 the Company operated, as franchisee, 314 quick-service restaurants under the trade name "Burger King" in 12 Northeastern, Midwestern and Southeastern states. At June 30, 2009, the Company also owned and operated 91 Pollo Tropical restaurants, of which 85 were located in Florida, four were in New Jersey and one each in New York and Connecticut, and franchised a total of 27 Pollo Tropical restaurants, 21 in Puerto Rico, two in Ecuador, one in the Bahamas and three on college campuses in Florida. At June 30, 2009, the Company owned and operated 154 Taco Cabana restaurants located primarily in Texas and franchised a total of four Taco Cabana restaurants, two in New Mexico, one in Texas and one in Georgia.

Fiscal Year. The Company uses a 52-53 week fiscal year ending on the Sunday closest to December 31. All references herein to the fiscal years ended December 28, 2008 and December 30, 2007 will be referred to as the fiscal years ended December 31, 2008 and 2007, respectively. Similarly, all references herein to the three and six months ended June 28, 2009 and June 29, 2008 will be referred to as the three and six months ended June 30, 2009 and June 30, 2008, respectively. The years ended December 31, 2008 and 2007 each contained 52 weeks and the three and six months ended June 30, 2009 and 2008 contained thirteen and twenty-six weeks, respectively.

Basis of Presentation. The accompanying unaudited consolidated financial statements for the three and six months ended June 30, 2009 and 2008 have been prepared without an audit, pursuant to the rules and regulations of the Securities and Exchange Commission and do not include certain of the information and the footnotes required by accounting principles generally accepted in the United States of America for complete financial statements. In the opinion of management, all normal and recurring adjustments considered necessary for a fair presentation of such financial statements have been included. The results of operations for the three and six months ended June 30, 2009 and 2008 are not necessarily indicative of the results to be expected for the full year.

These unaudited consolidated financial statements should be read in conjunction with the consolidated financial statements and notes thereto for the year ended December 31, 2008 contained in the Company's 2008 Annual Report on Form 10-K. The December 31, 2008 balance sheet data is derived from those audited financial statements.

Fair Value of Financial Instruments. The following methods were used to estimate the fair value of each class of financial instruments for which it is practicable to estimate the fair value:

- *Current Assets and Liabilities.* The carrying value of cash and cash equivalents and accrued liabilities approximates fair value because of the short maturity of those instruments.
- *Senior Subordinated Notes.* The fair values of outstanding senior subordinated notes are based on quoted market prices. The fair values at June 30, 2009 and December 31, 2008 were approximately \$154.7 million and \$111.4 million, respectively.
- *Revolving and Term Loan Facilities.* Rates and terms under Carrols' senior credit facility are significantly favorable to debt with similar terms and maturities that could be potentially obtainable, if at all, at June 30, 2009. Given the lack of comparative information regarding such debt it is not practicable to estimate the fair value of our existing borrowings under our senior credit facility at June 30, 2009.

Use of Estimates. The preparation of the financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and disclosure of contingent assets and liabilities at the dates of the financial statements and

CARROLS CORPORATION AND SUBSIDIARIES
NOTES TO UNAUDITED CONSOLIDATED FINANCIAL STATEMENTS-(Continued)
(in thousands of dollars, except share and per share amounts)

the reported amounts of revenues and expenses during the reporting periods. Significant items subject to such estimates include: accrued occupancy costs, insurance liabilities, legal obligations, income taxes, evaluation for impairment of goodwill, long-lived assets and Burger King franchise rights, lease accounting matters and stock-based compensation. Actual results could differ from those estimates.

Earnings Per Share Presentation. The guidance of Statement of Financial Accounting Standards (“SFAS”) No. 128, “Earnings Per Share,” requires presentation of earnings per share by all entities that have issued common stock or potential common stock if those securities trade in a public market either on a stock exchange (domestic or foreign) or in the over-the-counter market. The Company’s common stock is not publicly traded and therefore, earnings per share amounts are not presented.

2. Stock-Based Compensation

As of June 30, 2009, the total non-vested stock-based compensation expense relating to the options and restricted shares was approximately \$3.4 million and the Company expects to record an additional \$0.7 million as compensation expense in 2009. At June 30, 2009 the remaining weighted average vesting period for stock options and restricted shares was 3.5 years and 1.7 years, respectively.

Stock Options

A summary of all option activity for the three months ended June 30, 2009 was as follows:

	2006 Plan			
	Number of Options	Weighted Average Exercise Price	Average Remaining Contractual Life	Aggregate Intrinsic Value (in thousands) (1)
Options outstanding at January 1, 2009	1,710,764	\$ 12.17	5.3	\$ —
Granted	536,900	2.20		
Forfeited	(57,384)	11.91		
Options outstanding at June 30, 2009	<u>2,190,280</u>	\$ 9.86	5.3	\$ 2,177
Vested or expected to vest at June 30, 2009	<u>2,152,481</u>	\$ 9.88	5.3	\$ 2,124
Options exercisable at June 30, 2009	<u>698,254</u>	\$ 13.05	4.9	\$ —

- (1) The aggregate intrinsic value was calculated using the difference between the market price of Carrols Restaurant Group’s common stock at June 30, 2009 and the grant price for only those awards that had a grant price that was less than the market price of Carrols Restaurant Group’s common stock at June 30, 2009.

3. Impairment and Other Lease Charges

The Company reviews its long-lived assets, principally property and equipment, for impairment at the restaurant level. If an indicator of impairment exists for any of its assets, an estimate of the undiscounted future cash flows for each restaurant is compared to the carrying value of that restaurant’s long-lived assets. If the carrying value is greater than the undiscounted cash flow, the Company then determines the fair value of the asset and if an asset is determined to be impaired, the loss is measured by the excess of the carrying amount of the asset over its fair value in addition to any lease liabilities to be incurred for non-operating restaurants.

CARROLS CORPORATION AND SUBSIDIARIES
NOTES TO UNAUDITED CONSOLIDATED FINANCIAL STATEMENTS-(Continued)
(in thousands of dollars, except share and per share amounts)

Impairment and other lease charges recorded on long-lived assets for its segments were as follows:

	Three Months Ended June 30,		Six Months Ended June 30,	
	2009	2008	2009	2008
Burger King	\$ 6	\$ 71	\$ 28	\$ 92
Pollo Tropical	15	—	284	—
Taco Cabana	42	10	42	10
	<u>\$ 63</u>	<u>\$ 81</u>	<u>\$ 354</u>	<u>\$ 102</u>

During the six months ended June 30, 2009, the Company closed one Pollo Tropical restaurant property in Florida whose fixed assets were impaired in the fourth quarter of 2008, and recorded a charge of \$0.3 million which principally consisted of future minimum lease payments and related ancillary costs from the date of the closure to the end of the remaining lease term, net of any estimated cost recoveries from subletting the property.

4. Goodwill and Franchise Rights

Goodwill. Goodwill is reviewed for impairment annually, or more frequently when events and circumstances indicate that the carrying amounts may be impaired. The Company performs its annual impairment assessment as of December 31 and does not believe circumstances have changed since the last assessment date which would make it necessary to reassess their values. In performing its goodwill impairment test, the Company compares the net book values of its reporting units to their estimated fair values. In determining the estimated fair values of the reporting units, the Company employs a combination of a discounted cash flow analysis and a market-based approach. The results of the discounted cash flow analyses are corroborated with other value indicators where available, such as comparable company earnings multiples and research analyst estimates. No impairment losses have been recognized as a result of these tests. Goodwill balances are summarized below:

	Pollo Tropical	Taco Cabana	Burger King	Total
Balance, June 30, 2009	<u>\$56,307</u>	<u>\$67,177</u>	<u>\$1,450</u>	<u>\$124,934</u>

Burger King Franchise Rights. Amounts allocated to franchise rights for each Burger King acquisition are amortized using the straight-line method over the average remaining term of the acquired franchise agreements plus one twenty-year renewal period. The Company assesses the potential impairment of franchise rights whenever events or changes in circumstances indicate that the carrying value may not be recoverable. If an indicator of impairment exists, an estimate of the aggregate undiscounted future cash flows from the acquired restaurants is compared to the respective carrying value of franchise rights for each Burger King acquisition. If an asset is determined to be impaired, the loss is measured by the excess of the carrying amount of the asset over its fair value. There were no impairment charges recorded against franchise rights for the three months and six months ended June 30, 2009 and 2008.

Amortization expense related to Burger King franchise rights was \$784 and \$799 for the three months ended June 30, 2009 and 2008, respectively. Amortization expense related to Burger King franchise rights was \$1,568 and \$1,600 for the six months ended June 30, 2009 and 2008, respectively. Carrols Restaurant Group estimates the amortization expense for the year ending December 31, 2009 and for each of the five succeeding years to be \$3,197.

5. Long-term Debt

Long-term debt at June 30, 2009 and December 31, 2008 consisted of the following:

	June 30, 2009	December 31, 2008
Collateralized:		
Senior Credit Facility-Revolver credit facility	\$ 3,000	\$ 18,000
Senior Credit Facility-Term loan A facility	114,000	117,000
Unsecured:		
9% Senior Subordinated Notes	165,000	165,000
Capital leases	1,242	1,295
	<u>283,242</u>	<u>301,295</u>
Less: current portion	<u>(15,090)</u>	<u>(12,093)</u>
	<u>\$268,152</u>	<u>\$ 289,202</u>

Senior Credit Facility. On March 9, 2007, the Company terminated and replaced its prior senior credit facility with a new senior credit facility with a syndicate of lenders. The Company's credit facility totals approximately \$185 million, consisting of \$120 million principal amount of term loan A borrowings maturing on March 8, 2013 (or earlier on March 30, 2012 if the 9% Senior Subordinated Notes due 2013 are not refinanced by June 30, 2012) and a \$65.0 million revolving credit facility (including a sub limit of up to \$25.0 million for letters of credit and up to \$5.0 million for swingline loans), maturing on March 8, 2012.

The term loan and revolving credit borrowings under the senior credit facility bear interest at a per annum rate, at the Company's option, of either:

- 1) the applicable margin percentage ranging from 0% to 0.25% based on the Company's senior leverage ratio (as defined in the senior credit facility) plus the greater of (i) the prime rate or (ii) the federal funds rate for that day plus 0.5%; or
- 2) Adjusted LIBOR plus the applicable margin percentage in effect ranging from 1.0% to 1.5% based on the Company's senior leverage ratio. At June 30, 2009 the LIBOR margin percentage was 1.25%.

At June 28, 2009, outstanding term loan borrowings under the senior credit facility were \$114.0 million with the remaining balance due and payable as follows:

- 1) eight quarterly installments of \$3.0 million beginning on June 30, 2009;
- 2) four quarterly installments of \$4.5 million beginning on June 30, 2011; and
- 3) four quarterly installments of \$18.0 million beginning on June 30, 2012.

After reserving \$14.3 million for letters of credit guaranteed by the facility, \$47.7 million was available for borrowings under the revolving credit facility at June 28, 2009.

Under the senior credit facility, the Company is also required to make mandatory prepayments of principal on its term loan borrowings (a) annually in an initial amount equal to 50% of Excess Cash Flow depending upon the Company's Total Leverage Ratio (as such terms are defined in the senior credit facility), (b) in the event of certain dispositions of assets (all subject to certain exceptions) and insurance proceeds, in an amount equal to 100% of the net proceeds received by the Company therefrom, and (c) in an amount equal to 100% of the net proceeds from any subsequent issuance of debt. The senior credit facility contains customary default provisions as provided therein, including without limitation, a cross default provision pursuant to which it is an event of default under the senior credit facility if there is a default in the payment of any principal of or interest on any indebtedness of the Company having an outstanding principal amount of at least \$2.5 million (excluding lease financing obligations but which would include the Indenture governing the Notes, as defined below) or any event or condition which results in the acceleration of such indebtedness prior to its stated maturity.

In general, the Company's obligations under the senior credit facility are guaranteed by Carrols Restaurant Group and all of the Company's material subsidiaries and are collateralized by a pledge of the Company's common stock and the stock of each of the Company's material subsidiaries. The senior credit facility contains certain covenants, including, without limitation, those limiting the Company's ability to incur indebtedness, incur liens, sell or acquire assets or businesses, change the nature of its business, engage in transactions with related parties, make certain investments or pay dividends. In addition, the Company is required to meet certain financial ratios, including fixed charge coverage, senior leverage, and total leverage ratios (all as defined under the senior credit facility). The Company was in compliance with the covenants under its new senior credit facility as of June 30, 2009.

CARROLS CORPORATION AND SUBSIDIARIES
NOTES TO UNAUDITED CONSOLIDATED FINANCIAL STATEMENTS-(Continued)
(in thousands of dollars, except share and per share amounts)

Senior Subordinated Notes. On December 15, 2004, the Company issued \$180 million of 9% Senior Subordinated Notes due 2013 (the "Notes"). At both June 30, 2009 and December 31, 2008, \$165.0 million principal amount of the senior subordinated notes were outstanding. During 2008, the Company repurchased and retired \$15.0 million principal amount of the Notes in open market transactions for \$10.4 million resulting in a gain on extinguishment of debt of \$4.4 million, net of a \$0.3 million write-off of deferred financing costs. Of these repurchases in 2008, \$2.0 million was repurchased in the three months ended June 30, 2008 which resulted in a gain on extinguishment of debt of \$0.2 million.

Restrictive covenants under the Notes include limitations with respect to the Company's ability to issue additional debt, incur liens, sell or acquire assets or businesses, pay dividends and make certain investments. The Indenture governing the Notes contains customary default provisions as provided therein, including without limitation, a cross default provision pursuant to which it is an event of default under the Notes and the Indenture if there is a default under any indebtedness of the Company having an outstanding principal amount of \$20 million or more (which would include the senior credit facility) if such default results in the acceleration of such indebtedness prior to its stated maturity or is caused by a failure to pay principal when due. The Company was in compliance with the restrictive covenants in the Indenture governing the Notes as of June 30, 2009.

6. Income Taxes

The provision for income taxes for the three months ended June 30, 2009 and 2008 was comprised of the following:

	Three Months Ended June 30,		Six Months Ended June 30,	
	2009	2008	2009	2008
Current	\$ 4,125	\$ 1,945	\$6,379	\$2,444
Deferred	8	(65)	768	249
	<u>\$ 4,133</u>	<u>\$ 1,880</u>	<u>\$7,147</u>	<u>\$2,693</u>

The provision for income taxes for the three and six months ended June 30, 2009 was derived using an estimated effective annual income tax rate for 2009 of 37.4%, which excludes any discrete tax adjustments. Discrete tax adjustments reduced the provision for income taxes by \$57 in both the three months and six months ended June 30, 2009. The provision for income taxes for the three and six months ended June 30, 2008 was derived using an estimated effective annual income tax rate for 2008 of 37.9%, which excludes any discrete tax adjustments. Discrete tax adjustments reduced the provision for income taxes by \$66 and \$112 for the three and six months ended June 30, 2008, respectively.

The Company recognizes interest and penalties related to uncertain tax positions in income tax expense. As of June 30, 2009 and 2008, the Company had no unrecognized tax benefits and no accrued interest related to uncertain tax positions.

The tax years 2005-2008 remain open to examination by the major taxing jurisdictions to which the Company is subject. It is not possible to reasonably estimate any possible change in the unrecognized tax benefits within the next twelve months due to the uncertainties regarding the timing of any examinations.

7. Other Liabilities, Long-Term

Other liabilities, long-term, at June 30, 2009 and December 31, 2008 consisted of the following:

	June 30, 2009	December 31, 2008
Accrued occupancy costs	\$ 11,110	\$ 10,949
Accrued workers' compensation costs	4,201	4,312
Deferred compensation	3,047	3,244
Other	3,249	3,180
	<u>\$ 21,607</u>	<u>\$ 21,685</u>

8. Postretirement Benefits

The Company provides postretirement medical and life insurance benefits covering substantially all Burger King administrative and restaurant management salaried employees who retire or terminate after qualifying for such benefits. A December 31 measurement date is used for postretirement benefits.

The following summarizes the components of net periodic benefit income:

	Three Months Ended June 30,		Six Months Ended June 30,	
	2009	2008	2009	2008
Service cost	\$ 7	\$ (24)	\$ 15	\$ 14
Interest cost	27	(18)	54	53
Amortization of net gains and losses	21	3	42	44
Amortization of prior service credit	(88)	(67)	(172)	(180)
Net periodic postretirement benefit income	<u>\$ (33)</u>	<u>\$ (106)</u>	<u>\$ (61)</u>	<u>\$ (69)</u>

During the three and six months ended June 30, 2009, the Company made contributions of \$37 and \$72 to its postretirement plan and expects to make additional contributions during 2009.

9. Lease Financing Obligations

The Company has previously entered into sale-leaseback transactions involving certain restaurant properties that did not qualify for sale-leaseback accounting and as a result, were classified as financing transactions under SFAS No. 98, "Accounting for Leases" ("SFAS 98"). Under the financing method, the assets remain on the consolidated balance sheet and proceeds received by the Company from these transactions are recorded as a financing liability. Payments under these leases are applied as payments of imputed interest and deemed principal on the underlying financing obligations.

In the second quarter of 2009, the Company purchased from the lessor one of its restaurant properties previously subject to a lease financing obligation for \$1.1 million. The Company also modified provisions in two of its restaurant leases previously accounted for as lease financing obligations which allowed the respective sale transactions to qualify for sale-leaseback accounting and resulted in a reduction of lease financing obligations of \$2.8 million. The Company also entered into a sale transaction for a restaurant property that did not qualify for sale-leaseback accounting and the proceeds of \$0.8 million were recorded as a lease financing obligation. As a result of these transactions in the second quarter of 2009, lease financing obligations were reduced \$3.2 million, assets under lease financing obligations were reduced by \$2.1 million and deferred gains on qualified sale-leaseback transactions of \$0.7 million were recorded.

In the second quarter of 2008, the Company purchased from the lessor six restaurant properties for \$5.5 million that were previously accounted for as lease financing obligations.

In late 2008, the Company also amended or modified certain lease provisions and terminated certain purchase options, for certain restaurant leases previously accounted for as lease financing obligations. The changes permitted 24 leases to qualify as operating leases and the related sale-leaseback transactions to be recorded as sales, which removed all of the respective assets under lease financing obligations and related liabilities from the Company's consolidated balance sheet. The gains from these sales were generally deferred and are being amortized as an adjustment to rent expense over the remaining term of the underlying leases.

CARROLS CORPORATION AND SUBSIDIARIES
NOTES TO UNAUDITED CONSOLIDATED FINANCIAL STATEMENTS-(Continued)
(in thousands of dollars, except share and per share amounts)

Interest expense associated with lease financing obligations, including settlement gains and losses, for the three months ended June 30, 2009 and 2008 was \$0.3 million and \$1.4 million, respectively, and for the six months ended June 30, 2009 and 2008 was \$0.6 million and \$2.7 million, respectively.

10. Business Segment Information

The Company is engaged in the quick-service and quick-casual restaurant industry, with three restaurant concepts: Burger King operating as a franchisee and Pollo Tropical and Taco Cabana, both Company-owned concepts. The Company's Burger King restaurants are all located in the United States, primarily in the Northeast, Southeast and Midwest. Pollo Tropical is a quick-casual restaurant chain featuring grilled marinated chicken and Caribbean style "made from scratch" side dishes. Pollo Tropical's restaurants are primarily located in south and central Florida. Taco Cabana is a quick-casual restaurant chain featuring fresh Mexican style food, including flame-grilled beef and chicken fajitas, quesadillas and other Tex-Mex dishes. Taco Cabana's restaurants are primarily located in Texas.

The accounting policies of each segment are the same as those described in the summary of significant accounting policies. The following table includes Segment EBITDA, which is the measure of segment profit or loss reported to the chief operating decision maker for purposes of allocating resources to the segments and assessing their performance. Segment EBITDA is defined as earnings attributable to the applicable segment before interest, income taxes, depreciation and amortization, impairment losses, stock-based compensation expense, other income and expense and gains and losses on extinguishment of debt.

The "Other" column includes corporate related items not allocated to reportable segments, including stock-based compensation expense. Other identifiable assets consist primarily of cash, certain other assets, corporate property and equipment, including restaurant information systems expenditures, goodwill and deferred income taxes.

11. Commitments and Contingencies

On November 16, 1998, the Equal Employment Opportunity Commission (“EEOC”) filed suit in the United States District Court for the Northern District of New York (the “Court”), under Title VII of the Civil Rights Act of 1964, as amended, against the Company. The complaint alleged that the Company engaged in a pattern and practice of unlawful discrimination, harassment and retaliation against former and current female employees. The EEOC identified approximately 450 individuals (which were subsequently increased to 511 individuals) that it believed represented the class of claimants and was seeking monetary and injunctive relief from the Company. On April 20, 2005, the Court issued a decision and order granting the Company’s Motion for Summary Judgment that the Company filed in January 2004. Subject to possible appeal by the EEOC, the case is dismissed; however the Court noted that it was not ruling on the claims, if any, that individual employees might have against the Company. On February 27, 2006, the Company filed a motion for summary judgment to dismiss all but between four and 17 of the individual claims. On July 10, 2006, in its response to that motion, the EEOC asserted that, notwithstanding the Court’s dismissal of the case as a class action, the EEOC may still maintain some kind of collective action on behalf of these claimants. Oral argument before the Court was held on October 4, 2006 and the Company is awaiting the Court’s decision on the Company’s summary judgment motion. The Company does not believe that any individual claim, if any, would have a material adverse impact on its consolidated financial statements. Although the Company believes that the EEOC’s continued class litigation argument is without merit, it is not possible to predict the outcome of the pending motion.

On November 30, 2002, four former hourly employees commenced a lawsuit against the Company in the United States District Court for the Western District of New York (the “Court”) entitled Dawn Seever, et al. v. the Company. The lawsuit alleged, in substance, that the Company violated certain minimum wage laws under the Federal Fair Labor Standards Act and related state laws by requiring employees to work without recording their time and by retaliating against those who complained. The plaintiffs sought damages, costs and injunctive relief. They also sought to notify and certify a class consisting of current and former employees who, since 1998, have worked, or are working, for the Company. On December 17, 2007, the Court issued a decision and order denying Plaintiffs’ motion for notice and class certification and granting the Company’s motion to dismiss all of the claims of the plaintiffs, other than certain nominal claims relating to orientation and managers’ meetings. Those nominal claims have now been resolved and on June 10, 2009 the case was dismissed in its entirety with prejudice.

The Company is a party to various other litigation matters incidental to the conduct of business. The Company does not believe that the outcome of any of these other matters will have a material adverse effect on its consolidated financial statements.

12. Comprehensive income

SFAS No. 130, "Reporting Comprehensive Income" ("SFAS 130"), requires the disclosure of certain revenue, expenses, gains and losses that are excluded from net income in accordance with U.S. generally accepted accounting principles. The items that currently impact the Company's other comprehensive income are changes in the postretirement benefit obligations, net of tax.

	Three months ended June 30,		Six months ended June 30,	
	2009	2008	2009	2008

Comprehensive income	<u>\$ 7,066</u>	<u>\$ 3,258</u>	<u>\$12,094</u>	<u>\$4,714</u>

13. Other Income

During the three and six months ended June 30, 2009, the Company recorded a gain of \$0.6 million related to an insurance recovery for damages to Taco Cabana restaurants during Hurricane Ike. The Company recorded a gain of \$0.1 million in the three and six months ended June 30, 2008 related to the sale of a Taco Cabana property.

14. Recent Accounting Developments

In May 2009, the FASB issued SFAS No. 165 ("SFAS 165"), "Subsequent Events," which provides guidance to establish general standards of accounting for and disclosures of events that occur after the balance sheet date but before financial statements are issued or are available to be issued. It also requires the disclosure of the date through which an entity has evaluated subsequent events and the basis for that date, that is, whether that date represents the date the financial statements were issued or were available to be issued. This disclosure should alert all users of financial statements that an entity has not evaluated subsequent events after that date in the set of financial statements being presented. SFAS 165 is effective for interim and annual periods ending after June 15, 2009. The Company implemented SFAS 165 during the three months ended June 30, 2009. The Company evaluated for subsequent events through August 5, 2009, the issuance date of the Company's financial statements. No subsequent events requiring disclosure were noted.

In June 2009, the Financial Accounting Standards Board ("FASB") issued SFAS No. 168 ("SFAS 168"), "The FASB Accounting Standards Codification and the Hierarchy of Generally Accepted Accounting Principles — a replacement of FASB Statement No. 162." SFAS 168 replaces SFAS No. 162, "The Hierarchy of Generally Accepted Accounting Principles," and identifies the sources of authoritative accounting principles and the framework for selecting the principles used in the preparation of financial statements that are presented in conformity with generally accepted accounting principles in the U.S. The Company is required to adopt the provisions of SFAS 168 for its interim period ending September 30, 2009 and it will impact the Company's financial statement disclosures as all future references to authoritative accounting literature will be referenced in accordance with SFAS 168. There will be no changes to the content of the Company's financial statements or disclosures as a result of implementing SFAS 168.

15. Guarantor Financial Statements

The Company's obligations under the Notes are jointly and severally guaranteed in full on an unsecured senior subordinated basis by certain of the Company's subsidiaries ("Guarantor Subsidiaries"), all of which are directly or indirectly wholly-owned by the Company. These subsidiaries are:

- Cabana Beverages, Inc.
- Cabana Bevco LLC
- Carrols LLC
- Carrols Realty Holdings Corp.
- Carrols Realty I Corp.
- Carrols Realty II Corp.
- Carrols J.G. Corp.
- Quanta Advertising Corp.
- Pollo Franchise, Inc.

The following supplemental financial information sets forth on a consolidating basis, balance sheets as of June 30, 2009 and December 31, 2008 for the Parent Company only, Guarantor Subsidiaries and for the Company and the related statements of operations for the three and six months ended June 30, 2009 and 2008, and cash flows for the six months ended June 30, 2009 and 2008.

At the beginning of the third quarter of 2008 assets and liabilities related to the Company's Burger King restaurant operations were transferred to Carrols LLC, a 100% owned subsidiary of the Company. Carrols LLC became a Guarantor Subsidiary at that time and its results of operations and cash flows are included with the Company's other Guarantor Subsidiaries for all periods presented.

For certain of the Company's sale-leaseback transactions, the Parent Company has guaranteed on an unsecured basis the rental payments of its subsidiaries. In accordance with Emerging Issues Task Force Issue No. 90-14, "Unsecured Guarantee by Parent of Subsidiary's Lease Payments in a Sale-Leaseback Transaction," the Company has included in the following guarantor financial statements amounts pertaining to these leases as if they were accounted for as financing transactions of the Guarantor Subsidiaries. These adjustments are eliminated in consolidation.

For purposes of the guarantor financial statements, the Company and its subsidiaries determine the applicable tax provision for each entity generally using the separate return method. Under this method, current and deferred taxes are allocated to each reporting entity as if it were to file a separate tax return. The rules followed by the reporting entity in computing its tax obligation or refund, including the effects of the alternative minimum tax, would be the same as those followed in filing a separate return with the Internal Revenue Service. However, for purposes of evaluating an entity's ability to realize its tax attributes, the Company assesses whether it is more likely than not that those assets will be realized at the consolidated level. Any differences in the total of the income tax provision for the Parent Company only and the Guarantor Subsidiaries, as calculated on the separate return method and the consolidated income tax provision are eliminated in consolidation.

The Company provides some administrative support to its subsidiaries related to executive management, information systems and certain accounting, legal and other administrative functions. For purposes of the guarantor financial statements, the Company allocates such corporate costs on a specific identification basis, where applicable, or based on revenues or the number of restaurants for each subsidiary. Management believes that these allocations are reasonable based on the nature of costs incurred.

ITEM 2—MANAGEMENT’S DISCUSSION AND ANALYSIS OF FINANCIAL CONDITION AND RESULTS OF OPERATIONS

Throughout this Quarterly Report on Form 10-Q, we refer to Carrols Restaurant Group, Inc. as “Carrols Restaurant Group” and, together with its consolidated subsidiaries, as “we”, “our” and “us” unless otherwise indicated or the context otherwise requires. Any reference to “Carrols” refers to our wholly-owned subsidiary, Carrols Corporation, a Delaware corporation, and its consolidated subsidiaries, unless otherwise indicated or the context otherwise requires. This combined Quarterly Report on Form 10-Q is filed by both Carrols Restaurant Group and its wholly owned subsidiary, Carrols.

We use a 52-53 week fiscal year ending on the Sunday closest to December 31. All references herein to the fiscal years ended December 28, 2008 and December 30, 2007 will be referred to as the fiscal years ended December 31, 2008 and 2007, respectively. Similarly, all references herein to the three and six months ended June 28, 2009 and June 29, 2008 will be referred to as the three and six months ended June 30, 2009 and June 30, 2008, respectively. The years ended December 31, 2008 and 2007 each contained 52 weeks and the three and six months ended June 30, 2009 and 2008 each contained 13 weeks and 26 weeks, respectively.

Introduction

Carrols Restaurant Group is a holding company and conducts all of its operations through its direct and indirect subsidiaries and has no assets other than the shares of capital stock of Carrols, its direct wholly-owned subsidiary. The following “Management’s Discussion and Analysis of Financial Condition and Results of Operations” (“MD&A”) relates to the consolidated financial statements of Carrols Restaurant Group and the consolidated financial statements for Carrols presented in Item 1. The difference between the consolidated financial statements of Carrols Restaurant Group and Carrols is primarily due to additional rent expense of approximately \$6,000 per year for Carrols Restaurant Group and the composition of stockholders’ equity.

The following MD&A is written to help the reader understand our company. The MD&A is provided as a supplement to, and should be read in conjunction with, the Consolidated Financial Statements and the accompanying financial statement notes of each of Carrols Restaurant Group and Carrols appearing elsewhere in this report and our Annual Report on Form 10-K for the year ended December 31, 2008. The overview provides our perspective on the individual sections of MD&A, which include the following:

Company Overview—a general description of our business and our key financial measures.

Recent and Future Events Affecting Our Results of Operations—a description of recent events that affect, and future events that may affect, our results of operations.

Executive Summary—an executive review of our operating performance for the three months ended June 30, 2009.

Results of Operations—an analysis of our results of operations for the three and six months ended June 30, 2009 compared to the three and six months ended June 30, 2008.

Liquidity and Capital Resources—an analysis of historical information regarding our sources of cash and capital expenditures, the existence and timing of commitments and contingencies, changes in capital resources and a discussion of cash flow items affecting liquidity.

Application of Critical Accounting Policies—an overview of accounting policies requiring critical judgments and estimates.

Effects of New Accounting Standards—a discussion of new accounting standards and any implications related to our financial statements.

Forward Looking Statements—cautionary information about forward-looking statements and a description of certain risks and uncertainties that could cause our actual results to differ materially from our historical results or our current expectations or projections.

Company Overview

We are one of the largest restaurant companies in the United States operating three restaurant brands in the quick-casual and quick-service restaurant segments with 559 restaurants located in 17 states as of June 30, 2009. We have been operating restaurants for more than 45 years. We own and operate two Hispanic restaurant brands, Pollo Tropical and Taco Cabana (together referred to by us as our Hispanic Brands), which we acquired in 1998 and 2000, respectively. We are also the largest Burger King franchisee, based on the number of restaurants, and have operated Burger King restaurants since 1976. As of June 30, 2009, our company-owned restaurants included 91 Pollo Tropical restaurants, 154 Taco Cabana restaurants and 314 Burger King restaurants operated under franchise agreements. We also franchise our Hispanic Brand restaurants with 31 franchised restaurants as of June 30, 2009 located in the United States, Puerto Rico, Ecuador and the Bahamas. For the six months ended June 30, 2009 and 2008, we had total revenues of \$405.3 million and \$406.4 million, respectively, and net income of \$12.1 million and \$4.7 million, respectively.

The following is an overview of the key financial measures discussed in our results of operations:

- *Restaurant sales* consist of food and beverage sales at our company-owned and operated restaurants. Restaurant sales are influenced by menu price increases, new restaurant openings, closures of restaurants and changes in comparable restaurant sales. Changes in comparable restaurant sales are calculated using only those restaurants open since the beginning of the earliest period being compared and for the entirety of both periods being compared. Restaurants are included in comparable restaurant sales after they have been open for 12 months for our Burger King restaurants and 18 months for our Pollo Tropical and Taco Cabana restaurants.
- *Cost of sales* consists of food, paper and beverage costs, including packaging costs, less purchase discounts. Cost of sales is generally influenced by changes in commodity costs, the sales mix of items sold and the effectiveness of our restaurant-level controls to manage food and paper costs. Key commodities, including chicken and beef, for our Pollo Tropical and Taco Cabana restaurants are generally purchased under annual contracts.
- *Restaurant wages and related expenses* include all restaurant management and hourly productive labor costs, employer payroll taxes, restaurant-level bonuses and related benefits. Payroll and related benefits are subject to inflation, including minimum wage rate increases and increased costs for health insurance, workers' compensation insurance and state unemployment insurance.
- *Restaurant rent expense* includes base rent, contingent rent and common area maintenance on our leases characterized as operating leases, reduced by the amortization of gains on sale-leaseback transactions.
- *Other restaurant operating expenses* include all other restaurant-level operating costs, the major components of which are royalty expense for our Burger King restaurants, utilities, repairs and maintenance, real estate taxes and credit card fees.
- *Advertising expense* includes all promotional expenses including television, radio, billboards and other media.
- *General and administrative expenses* are comprised primarily of (1) salaries and expenses associated with corporate and administrative functions that support the development and operation of our restaurants, (2) legal, auditing and other professional fees and (3) stock-based compensation expense.
- *Segment EBITDA*, which is the measure of segment profit or loss used by our chief operating decision maker for purposes of allocating resources to our segments and assessing their performance, is defined as earnings attributable to the applicable segment before interest, income taxes, depreciation and amortization, impairment and other lease charges, stock-based compensation expense, other income and expense and gains or losses on extinguishment of debt. Segment EBITDA may not be necessarily comparable to other similarly titled captions of other companies due to differences in methods of calculation. Segment EBITDA for our Burger King restaurants includes general and administrative expenses related directly to the Burger King segment as well as the expenses associated with administrative support to all three of our segments including executive management, information systems and certain accounting, legal and other administrative functions.
- *Depreciation and amortization* primarily includes the depreciation of fixed assets, including equipment, owned buildings and leasehold improvements, depreciation of assets under lease financing obligations and the amortization of Burger King franchise rights and franchise fees.
- *Interest expense* consists primarily of interest expense associated with our 9% Senior Subordinated Notes due 2013 (the "Notes"), borrowings under our senior credit facility, amortization of deferred financing costs and imputed interest expense on leases entered into in connection with sale-leaseback transactions which are accounted for as lease financing obligations. Interest expense also includes any gains and losses from the settlement of lease financing obligations. Interest on borrowings under our senior credit facility is generally based on LIBOR with a current margin of 1.25% or prime as we designate. Consequently, changes in LIBOR rates or prime will impact our interest expense.

Recent and Future Events Affecting our Results of Operations

Repurchase of Senior Subordinated Notes

In 2008, Carrols repurchased and retired \$15.0 million principal amount of its Notes in open market transactions for \$10.4 million which resulted in a gain on extinguishment of debt of \$4.4 million, net of a \$0.3 million write-off of deferred financing costs. Of these repurchases in 2008, \$2.0 million was repurchased in the three months ended June 30, 2008 which resulted in a gain on extinguishment of debt of \$0.2 million. Based on our borrowing rates under our senior credit facility and due to the amount paid relative to the principal amount, we anticipate these repurchases will reduce our interest expense in 2009 compared to 2008.

Future Restaurant Closures

We evaluate the performance of our Burger King restaurants on an ongoing basis including assessment of the current and future operating results of the restaurant, and in relation to Burger King franchise agreement renewals and the cost of required capital improvements. We may elect to close restaurants based on such evaluation. In 2008, we closed eight Burger King restaurants, not including restaurants relocated within the same market area. We currently anticipate that we will close four Burger King restaurants in 2009, excluding Burger King restaurants which we may close and relocate.

We closed three Taco Cabana restaurants in 2008 and closed two Taco Cabana restaurants and one Pollo Tropical restaurant in the first six months of 2009. We currently do not anticipate any additional Pollo Tropical or Taco Cabana restaurant closures in 2009, although there can be no assurance in this regard.

We do not believe that the future impact on our consolidated results of operations from restaurant closures will be material, although there can be no assurance in this regard. Our determination of whether to close restaurants in the future is subject to further evaluation and may change.

From time to time we consider and evaluate other strategic alternatives with respect to our Burger King restaurants, including the possible future sale of some or all of such restaurants. At this time, we have no current understandings, commitments or agreements with respect to the foregoing and there can be no assurance that we will enter into any such arrangements in the future.

Lease Financing Obligations

In the past, we have entered into sale-leaseback transactions that have been classified as financing transactions. Under the financing method, the assets remain on our consolidated balance sheet and continue to be depreciated and proceeds from these transactions are recorded as a financing liability. Payments under these leases are applied as payments of imputed interest and deemed principal on the underlying financing obligations.

In the second quarter of 2009, we purchased one of our restaurant properties previously subject to a lease financing obligation for \$1.1 million. We also modified provisions in two restaurant leases previously accounted for as lease financing obligations which allowed the respective sale transactions to qualify for sale-leaseback accounting and resulted in a reduction to lease financing obligations of \$2.8 million. We also entered into a sale transaction for a restaurant property that did not qualify for sale-leaseback accounting and the proceeds of \$0.8 million were recorded as a lease financing obligation. As a result of these transactions, lease financing obligations were reduced \$3.2 million, assets under lease financing obligations were reduced by \$2.1 million and deferred gains on qualified sale-leaseback transactions of \$0.7 million were recorded.

During the second quarter of 2008, we exercised our right of first refusal under the leases for certain restaurant properties previously accounted for as lease financing obligations and purchased these properties from the lessor. In late 2008, we also amended or modified lease provisions and terminated purchase options for certain restaurant leases previously accounted for as lease financing obligations. The changes permitted 24 leases to qualify as operating leases and the related sale-leaseback transactions to be recorded as sales, which removed all of the respective assets under lease financing obligations and related liabilities from our consolidated balance sheet. The gains recognized from these sales were generally deferred.

The effect of the recharacterization of the 2009 and 2008 transactions described above was to treat these transactions as qualified sales and the payments associated with the related operating leases as restaurant rent expense, rather than as payments of interest and principal associated with lease financing obligations. For the year ending December 31, 2009, these transactions will increase rent expense by \$2.6 million, decrease depreciation expense by \$0.6 million and decrease interest expense by \$3.3 million.

Executive Summary - Operating Performance for the Three Months Ended June 30, 2009

Total revenues in the second quarter of 2009 decreased 3.2% to \$203.9 million from \$210.7 million in the second quarter of 2008. Revenues from our Hispanic Brand restaurants decreased 0.4% to \$108.4 million in the second quarter of 2009 from \$108.8 million in the second quarter of 2008 and revenues from our Burger King restaurants decreased 6.2% to \$95.5 million in the second quarter of 2009 from \$101.8 million in the second quarter of 2008.

Restaurant operating margins in 2009 were favorably impacted by lower food and utility costs and the leveraging or reduction of operating costs, including restaurant labor, as well as a shift in advertising spending at our Taco Cabana restaurants compared to the prior year. As a percentage of total restaurant sales, cost of sales decreased to 29.2% in the second quarter of 2009 from 30.4% in the second quarter of 2008 primarily from a moderation in commodity price increases and the effect of menu price increases taken in the last half of 2008 at all three of our restaurant concepts. In spite of the effect of lower sales volumes on fixed labor costs and minimum wage increases in the past twelve months, restaurant wages and related expenses only increased to 29.1% from 28.9% in the prior year, as a percentage of total restaurant sales, due to improvements in labor productivity including reduced employee turnover. Utility costs also decreased 0.4%, as a percentage of total restaurant sales, in the second quarter of 2009 compared to the second quarter of 2008 due to both lower natural gas and electricity rates and usage.

General and administrative expenses decreased \$1.0 million to \$12.7 million in the second quarter of 2009 from \$13.7 million in the second quarter of 2008 and, as a percentage of total restaurant sales, decreased to 6.2% in the second quarter of 2009 from 6.5% in the second quarter of 2008.

Interest expense decreased to \$4.9 million in the second quarter of 2009 from \$7.1 million in the second quarter of 2008 due to a reduction in our total indebtedness of \$61.2 million since the end of the second quarter of 2008 and lower effective interest rates on our LIBOR based borrowings under our senior credit facility.

Our effective income tax rate, including discrete tax items, was 36.9% in the second quarter of 2009 compared to 36.6% in the second quarter of 2008. There were discrete tax adjustments of \$0.1 million in both the second quarter of 2009 and 2008.

As a result of the above, our net income increased \$3.8 million to \$7.1 million, or \$.32 per diluted share, in the second quarter of 2009 from \$3.3 million, or \$.15 per diluted share, in the second quarter of 2008.

Results of Operations

Three Months Ended June 30, 2009 Compared to Three Months Ended June 30, 2008

The following table sets forth, for the three months ended June 30, 2009 and 2008, selected operating results as a percentage of consolidated restaurant sales:

	<u>2009</u>	<u>2008</u>
Restaurant sales:		
Pollo Tropical	21.7%	21.5%
Taco Cabana	31.3%	30.1%
Burger King	47.0%	48.4%
Total restaurant sales	100.0%	100.0%
Costs and expenses:		
Cost of sales	29.2%	30.4%
Restaurant wages and related expenses	29.1%	28.9%
Restaurant rent expense	6.1%	5.5%
Other restaurant operating expenses	14.4%	14.9%
Advertising expense	3.7%	4.4%
General and administrative (including stock-based compensation expense)	6.2%	6.5%

[Table of Contents](#)

From the beginning of the second quarter of 2008 through the second quarter of 2009 we have opened a net of five new Pollo Tropical restaurants, twelve new Taco Cabana restaurants and four new Burger King restaurants, three of which were relocations within their market areas. During the same period we closed nine Burger King restaurants, excluding relocations, and four Taco Cabana restaurants.

Restaurant Sales. Total restaurant sales in the second quarter of 2009 decreased \$6.8 million, or 3.2%, to \$203.5 million from \$210.3 million in the second quarter of 2008 due primarily to lower sales at our Burger King restaurants of \$6.3 million. Restaurant sales at our Hispanic Brand restaurants decreased 0.5% to \$108.0 million in the second quarter of 2009.

Pollo Tropical restaurant sales decreased \$0.9 million, or 1.9%, to \$44.3 million in the second quarter of 2009 due to a decrease in comparable restaurant sales of 3.1% attributable to lower customer traffic compared to the second quarter of 2008. This decrease was substantially offset by the net addition of five new Pollo Tropical restaurants since the beginning of the second quarter of 2008, which contributed \$0.8 million of additional restaurant sales in the second quarter of 2009 compared to the second quarter of 2008. The effect of menu price increases taken in 2008 was approximately 6.4% in the second quarter of 2009 while our average check decreased 0.2% compared to the second quarter of 2008 reflecting the effect of menu mix changes and product promotions.

Taco Cabana restaurant sales increased \$0.4 million, or 0.6%, to \$63.7 million in the second quarter of 2009 due primarily to the opening of twelve new Taco Cabana restaurants since the beginning of the second quarter of 2008, which contributed \$3.6 million of additional restaurant sales in the second quarter of 2009 compared to the second quarter of 2008. This increase was offset by a 3.8% decrease in comparable restaurant sales attributable to lower customer traffic and the closure of four Taco Cabana restaurants since the beginning of the second quarter of 2008. The effect of menu price increases taken in 2008 was approximately 5.8% in the second quarter of 2009 while our average check increased 2.8% compared to the second quarter of 2008 reflecting the effect of product promotions.

Burger King restaurant sales decreased \$6.3 million, or 6.2%, to \$95.5 million in the second quarter of 2009 primarily from a decrease in comparable restaurant sales of 4.7% attributable to lower customer traffic compared to the second quarter of 2008 and the net closing of eight Burger King restaurants since the beginning of the second quarter of 2008. Our average check increased 3.2% in the second quarter of 2009 compared to the second quarter of 2008 due to the effect of menu price increases taken in 2008 of 3.2%.

Operating Costs and Expenses. Cost of sales as a percentage of total restaurant sales decreased to 29.2% in the second quarter of 2009 from 30.4% in the second quarter of 2008. Pollo Tropical cost of sales, as a percentage of Pollo Tropical restaurant sales, decreased to 32.9% in the second quarter of 2009 from 33.9% in the second quarter of 2008 due primarily to the effect of menu price increases taken in 2008 and lower fuel surcharges (0.2% of Pollo Tropical sales) partially offset by higher chicken commodity prices (0.2% of Pollo Tropical sales) and higher prices of other commodities including rice, black beans, plantains and yucca (1.4% of Pollo Tropical sales). Taco Cabana cost of sales, as a percentage of Taco Cabana restaurant sales, decreased to 29.1% in the second quarter of 2009 from 30.8% in the second quarter of 2008 due primarily to the effect of menu price increases taken in 2008, lower fuel surcharges (0.2% of Taco Cabana sales) and lower commodity prices for cheese (0.7% of Taco Cabana sales) partially offset by increases in other commodity prices including produce (0.8% of Taco Cabana sales). Burger King cost of sales, as a percentage of Burger King restaurant sales, decreased to 27.5% in the second quarter of 2009 from 28.6% in the second quarter of 2008 due primarily to the effect of menu price increases taken in 2008, lower commodity prices (0.8% of Burger King sales) including lower beef prices (0.4% of Burger King sales) and lower fuel surcharges (0.3% of Burger King sales) partially offset by an increase in sales from lower margin menu items.

Restaurant wages and related expenses, as a percentage of total restaurant sales, increased to 29.1% in the second quarter of 2009 from 28.9% in the second quarter of 2008. Pollo Tropical restaurant wages and related expenses, as a percentage of Pollo Tropical restaurant sales, increased to 24.8% in the second quarter of 2009 from 24.2% in the second quarter of 2008 due primarily to higher workers compensation and medical claim costs (0.5% of Pollo Tropical sales). Taco Cabana restaurant wages and related expenses, as a percentage of Taco Cabana restaurant sales, increased to 29.5% in the second quarter of 2009 from 29.3% in the second quarter of 2008 due primarily to higher medical and workers compensation insurance claim costs (0.2% of Taco Cabana sales). Improved labor productivity at both our Pollo Tropical and Taco Cabana restaurants offset the effect of lower sales volumes in the second quarter of 2009 on fixed labor costs. Burger King restaurant wages and related expenses, as a percentage of Burger King restaurant sales, were 30.7% in both the second quarter of 2009 and 2008 as improved labor productivity and the effect of menu price increases taken in 2008 offset the effect of lower sales volumes on fixed labor costs.

Restaurant rent expense, as a percentage of total restaurant sales, increased to 6.1% in the second quarter of 2009 from 5.5% in the second quarter of 2008 due primarily to the reduction in lease financing obligations resulting from the recharacterization of certain transactions as qualified sales and the related lease payments as restaurant rent expense, rather than as payments of interest and principal. Restaurant rent expense also increased from sale-leaseback transactions completed during the last twelve months.

Other restaurant operating expenses, as a percentage of total restaurant sales, decreased to 14.4% in the second quarter of 2009 from 14.9% in the second quarter of 2008. Pollo Tropical other restaurant operating expenses, as a percentage of Pollo Tropical restaurant sales, decreased to 14.1% in the second quarter of 2009 from 14.4% in the second quarter of 2008 due primarily to lower repair and maintenance expenses (0.7% of Pollo Tropical sales) partially offset by higher general liability claim costs (0.2% of Pollo Tropical sales) and higher utility costs (0.2% of Pollo Tropical sales). Taco Cabana other restaurant operating expenses, as a percentage of Taco Cabana restaurant sales, decreased to 14.3% in the second quarter of 2009 from 15.5% in the second quarter of 2008 due primarily to lower utility costs (0.8% of Taco Cabana sales) and lower security related costs (0.2% of Taco Cabana sales). Burger King other restaurant operating expenses, as a percentage of Burger King restaurant sales, decreased to 14.6% in the second quarter of 2009 from 14.8% in the second quarter of 2008 due primarily to lower utility costs (0.4% of Burger King sales).

Advertising expense, as a percentage of total restaurant sales, decreased to 3.7% in the second quarter of 2009 from 4.4% in the second quarter of 2009. Pollo Tropical advertising expense, as a percentage of Pollo Tropical restaurant sales, increased to 2.5% in the second quarter of 2009 from 2.2% in the second quarter of 2008 due to higher television media expenditures in 2009. Pollo Tropical advertising costs are currently expected to be approximately 2.4% to 2.6% of Pollo Tropical restaurant sales for all of 2009, but there can be no assurance in this regard. Taco Cabana advertising expense, as a percentage of Taco Cabana restaurant sales, decreased to 3.9% in the second quarter of 2009 from 5.4% in the second quarter of 2008 due primarily to timing of promotions within both years. Taco Cabana advertising costs are currently expected to be approximately 4.0% to 4.2% of Taco Cabana restaurant sales for all of 2009, but there can be no assurance in this regard. Burger King advertising expense, as a percentage of Burger King restaurant sales, decreased to 4.2% in the second quarter of 2009 from 4.7% in the second quarter of 2008 due to decreased promotional activities in certain of our Burger King markets and the timing of promotions within both years. Our Burger King advertising costs are currently expected to be approximately 4.2% of our Burger King restaurant sales for all of 2009, but there can be no assurance in this regard.

General and administrative expenses decreased \$1.0 million in the second quarter of 2009 to \$12.7 million and, as a percentage of total restaurant sales, decreased to 6.2% from 6.5% in the second quarter of 2008. Before an increase in performance-based bonus expense of \$0.8 million, all other general and administrative expenses were reduced by \$1.9 million compared to the second quarter of 2008 from cost reduction initiatives implemented in late 2008.

Segment EBITDA. As a result of the factors above, Segment EBITDA for our Pollo Tropical restaurants increased to \$6.8 million in the second quarter of 2009 from \$6.7 million in the second quarter of 2008. Segment EBITDA for our Taco Cabana restaurants increased to \$8.0 million in the second quarter of 2009 from \$5.8 million in the second quarter of 2008. Segment EBITDA for our Burger King restaurants increased to \$9.0 million in the second quarter of 2009 from \$8.1 million in the second quarter of 2008.

Depreciation and Amortization and Impairment and Other Lease Charges. Depreciation and amortization expense was \$7.9 million in the second quarter of 2009 compared to \$8.1 million in the second quarter of 2008. There were no significant impairment and other lease charges in either the second quarter of 2009 or 2008.

Interest Expense. Total interest expense decreased \$2.2 million to \$4.9 million in the second quarter of 2009 from \$7.1 million in the second quarter of 2008 due to a reduction in our total outstanding indebtedness of \$61.2 million since the end of the second quarter of 2008 and lower effective interest rates on our LIBOR based borrowings under our senior credit facility. The weighted average interest rate on our long-term debt, excluding lease financing obligations, for the second quarter of 2009 decreased to 5.9% from 6.9% in the second quarter of 2008. Interest expense on lease financing obligations decreased to \$0.3 million in the second quarter of 2009 from \$1.4 million in the second quarter of 2008 due to a reduction in lease financing obligations of \$35.6 million since the end of second quarter of 2008.

Provision for Income Taxes. The provision for income taxes for the second quarter of 2009 was derived using an estimated effective annual income tax rate for all of 2009 of 37.4%. Discrete tax adjustments of \$57,000 in the second quarter of 2009 reduced the provision for income taxes. The provision for income taxes for the second quarter of 2008 was derived using an estimated effective annual income tax rate for 2008 of 37.9%, excluding discrete tax adjustments. Discrete tax adjustments reduced the provision for income taxes by \$66,000 in the second quarter of 2008.

Net Income. As a result of the foregoing, net income was \$7.1 million in the second quarter of 2009 compared to \$3.3 million in the second quarter of 2008.

Six Months Ended June 30, 2009 Compared to six Months Ended June 30, 2008

The following table sets forth, for the six months ended June 30, 2009 and 2008, selected operating results as a percentage of consolidated restaurant sales:

	<u>2009</u>	<u>2008</u>
Restaurant sales:		
Pollo Tropical	21.8%	22.0%
Taco Cabana	31.2%	30.4%
Burger King	47.0%	47.6%
Total restaurant sales	100.0%	100.0%
Costs and expenses:		
Cost of sales	29.1%	30.0%
Restaurant wages and related expenses	29.1%	29.4%
Restaurant rent expense	6.1%	5.7%
Other restaurant operating expenses	14.5%	15.0%
Advertising expense	3.9%	4.2%
General and administrative (including stock-based compensation expense)	6.4%	6.6%

From the beginning of 2008 through the second quarter of 2009 we have opened a net of seven new Pollo Tropical restaurants, twelve new Taco Cabana restaurants and five new Burger King restaurants, four of which were relocations within their market areas. One of the relocated Burger King restaurants in 2008 was closed in 2007. During the same period we closed ten Burger King restaurants, excluding relocations, and five Taco Cabana restaurants.

Restaurant Sales. Total restaurant sales for the first six months of 2009 decreased \$1.2 million, or 0.3%, to \$404.5 million from \$405.7 million in the first six months of 2008. Restaurant sales at our Hispanic Brand restaurants increased 0.8% to \$214.5 million in the first six months of 2009.

Pollo Tropical restaurant sales decreased \$1.0 million, or 1.2%, to \$88.1 million in the first six months of 2009 due primarily to a decrease in comparable restaurant sales of 2.9% attributable to lower customer traffic compared to the first six months of 2008. This decrease was offset by the net addition of seven new Pollo Tropical restaurants since the beginning of 2008, which contributed \$2.0 million in additional restaurant sales in the first six months of 2009 compared to the first six months of 2008. The effect of menu price increases taken in 2008 was approximately 6.5% in the first six months of 2009 while our average check increased 0.3% compared to the first six months of 2008 reflecting the effect of menu mix changes and the effect of product promotions.

Taco Cabana restaurant sales increased \$2.8 million, or 2.3%, to \$126.4 million in the first six months of 2009 due primarily to the opening of twelve new Taco Cabana restaurants since the beginning of 2008, which contributed \$8.8 million of additional restaurant sales in the first six months of 2009 compared to the first six months of 2008. This increase was partially offset by a 2.8% decrease in comparable restaurant sales in the first six months of 2009, attributable to lower customer traffic, and the closure of five Taco Cabana restaurants since the beginning of 2008. The effect of menu price increases taken in 2008 was approximately 6.2% in the first six months of 2009 while our average check increased 3.6% compared to the first six months of 2008 reflecting the effect of product promotions.

Burger King restaurant sales decreased \$3.0 million, or 1.5%, to \$190.0 million in the first six months of 2009 from the closure, excluding relocated restaurants, of ten Burger King restaurants since the beginning of 2008. Comparable restaurant sales decreased 0.1% compared to the first six months of 2008. Effective menu price increases in the first six months were approximately 3.9% while our average check increased 5.3% reflecting menu mix changes including the effect of the resizing of menu item options for soft drinks and french fries.

Operating Costs and Expenses. Cost of sales as a percentage of total restaurant sales decreased to 29.1% in the first six months of 2009 from 30.0% in the first six months of 2008. Pollo Tropical cost of sales, as a percentage of Pollo Tropical restaurant sales, decreased to 33.1% in the first six months of 2009 from 33.3% in the first six months of 2008 due primarily to the effect of menu price increases taken in 2008 substantially offset by higher chicken commodity prices (0.2% of Pollo Tropical sales) and higher prices of other commodities including rice, black beans, plantains and yucca (1.7% of Pollo Tropical sales).

[Table of Contents](#)

Taco Cabana cost of sales, as a percentage of Taco Cabana restaurant sales, decreased to 29.2% in the first six months of 2009 from 31.1% in the first six months of 2008 due primarily to the effect of menu price increases taken in 2008, lower fuel surcharges (0.2% of Taco Cabana sales) and lower commodity prices for cheese (0.7% of Taco Cabana sales) partially offset by increases in other commodity prices including produce (1.1% of Taco Cabana sales). Burger King cost of sales, as a percentage of Burger King restaurant sales, decreased to 27.1% in the first six months of 2009 from 27.7% in the first six months of 2008 due primarily to higher vendor rebates (0.2% of Burger King sales) and lower fuel surcharges (0.2% of Burger King sales). Increases in sales from lower margin menu items and a slight increase in commodity prices (0.1% of Burger King sales) were offset by the effect of menu price increases taken in 2008.

Restaurant wages and related expenses, as a percentage of total restaurant sales, decreased to 29.1% in the first six months of 2009 from 29.4% in the first six months of 2008. Pollo Tropical restaurant wages and related expenses, as a percentage of Pollo Tropical restaurant sales, decreased slightly to 24.8% in the first six months of 2009 from 24.9% in the first six months of 2008 due to improved labor productivity offsetting the effect of lower sales volumes on fixed labor costs. Taco Cabana restaurant wages and related expenses, as a percentage of Taco Cabana restaurant sales were 29.3% in both the first six months of 2009 and the first six months of 2008. Burger King restaurant wages and related expenses, as a percentage of Burger King restaurant sales, decreased to 31.0% in the first six months of 2009 from 31.5% in the first six months of 2008 due primarily to improved labor productivity and the effect of menu price increases taken in 2008.

Restaurant rent expense, as a percentage of total restaurant sales, increased to 6.1% in the first six months of 2009 from 5.7% in the first six months of 2008 due primarily to the reduction in lease financing obligations which resulted in a recharacterization of certain transactions as qualified sales and the related lease payments as restaurant rent expense, rather than as payments of interest and principal. Restaurant rent expense also increased from sale-leaseback transactions completed since the beginning of 2008.

Other restaurant operating expenses, as a percentage of total restaurant sales, decreased to 14.5% in the first six months of 2009 from 15.0% in the first six months of 2008. Pollo Tropical other restaurant operating expenses, as a percentage of Pollo Tropical restaurant sales, decreased to 14.0% in the first six months of 2009 from 14.3% in the first six months of 2008 due primarily to lower repair and maintenance expenses (0.9% of Pollo Tropical sales) partially offset by higher general liability claim costs (0.2% of Pollo Tropical sales) and higher utility costs (0.3% of Pollo Tropical sales). Taco Cabana other restaurant operating expenses, as a percentage of Taco Cabana restaurant sales, decreased to 13.9% in the first six months of 2009 from 15.0% in the first six months of 2008 due primarily to lower utility costs (0.6% of Taco Cabana sales), lower repair and maintenance expenses (0.3% of Taco Cabana sales) and lower security related costs. Burger King other restaurant operating expenses, as a percentage of Burger King restaurant sales, decreased to 15.2% in the first six months of 2009 from 15.3% in the first six months of 2008 due primarily to lower utility costs (0.2% of Burger King sales).

Advertising expense, as a percentage of total restaurant sales, decreased to 3.9% in the first six months of 2009 from 4.2% in the first six months of 2009. Pollo Tropical advertising expense, as a percentage of Pollo Tropical restaurant sales, decreased slightly to 2.8% in the first six months of 2009 from 2.9% in the first six months of 2008. Taco Cabana advertising expense, as a percentage of Taco Cabana restaurant sales, decreased to 4.0% in the first six months of 2009 from 4.6% in the first six months of 2008 due primarily to the timing of promotions in both 2009 and 2008. Burger King advertising expense, as a percentage of Burger King restaurant sales, decreased to 4.2% in the first six months of 2009 from 4.6% in the first six months of 2008 due to decreased promotional activities in certain of our Burger King markets and the timing of promotions in 2009 and 2008.

General and administrative expenses decreased \$0.8 million in the first six months of 2009 to \$25.9 million and, as a percentage of total restaurant sales, decreased to 6.4% from 6.6% in the first six months of 2008. Before an increase in performance-based bonus expense of \$2.1 million, all other general and administrative expenses were reduced by \$3.0 million compared to the first six months of 2008 from cost reduction initiatives implemented in late 2008.

Segment EBITDA. As a result of the factors above, Segment EBITDA for our Pollo Tropical restaurants increased to \$13.2 million in the first six months of 2009 from \$12.7 million in the first six months of 2008. Segment EBITDA for our Taco Cabana restaurants increased to \$16.2 million in the first six months of 2009 from \$12.4 million in the first six months of 2008. Segment EBITDA for our Burger King restaurants increased to \$16.1 million in the first six months of 2009 from \$13.7 million in the first six months of 2008.

Depreciation and Amortization and Impairment and Other Lease Charges. Depreciation and amortization expense was \$15.8 million in the first six months of 2009 compared to \$16.1 million in the first six months of 2008. Impairment and other lease charges were \$0.4 million in the first six months of 2009 due to lease related charges of \$0.3 million associated with the closure of a Pollo Tropical restaurant in Florida in the first quarter of 2009. There were no significant impairment and other lease charges in the first six months of 2008.

[Table of Contents](#)

Interest Expense. Total interest expense decreased \$4.5 million to \$10.1 million in the first six months of 2009 from \$14.6 million in the first six months of 2008 due to a reduction in our total outstanding indebtedness of \$61.2 million since the end of the first six months of 2008 and lower effective interest rates on our LIBOR based borrowings under our senior credit facility. The weighted average interest rate on our long-term debt, excluding lease financing obligations, for the first six months of 2009 decreased to 5.9% from 7.1% in the first six months of 2008. Interest expense on lease financing obligations decreased to \$0.6 million in the first six months of 2009 compared to \$2.7 million in the first six months of 2008 due to a reduction in lease financing obligations of \$35.6 million since the end of first six months of 2008.

Provision for Income Taxes. The provision for income taxes for the first six months of 2009 was derived using an estimated effective annual income tax rate for all of 2009 of 37.4%. There were discrete tax adjustments of \$57,000 in the first six months of 2009 which reduced the provision for income taxes. The provision for income taxes for the first six months of 2008 was derived using an estimated effective annual income tax rate for 2008 of 37.9%, excluding discrete tax adjustments. Discrete tax adjustments reduced the provision for income taxes by \$112,000 in the first six months of 2008.

Net Income. As a result of the foregoing, net income was \$12.1 million in the first six months of 2009 compared to \$4.7 million in the first six months of 2008.

Liquidity and Capital Resources

We do not have significant receivables or inventory and receive trade credit based upon negotiated terms in purchasing food products and other supplies. We are able to operate with a substantial working capital deficit because:

- restaurant operations are primarily conducted on a cash basis;
- rapid turnover results in a limited investment in inventories; and
- cash from sales is usually received before related liabilities for food, supplies and payroll become due.

Interest payments under our debt obligations, capital expenditures and payments related to our lease obligations represent significant liquidity requirements for us. We believe cash generated from our operations, availability of borrowings under our revolving credit facility and proceeds from anticipated sale-leaseback transactions will provide sufficient cash availability to cover our anticipated working capital needs, capital expenditures and debt service requirements for the next twelve months.

In response to economic conditions and changes in the capital markets, we have and will continue to focus on reducing our debt balances and our financial leverage, particularly in the near term. In 2009, we have significantly reduced our spending on new restaurant development allowing us to utilize our free cash flow to reduce outstanding indebtedness.

Operating Activities. Net cash provided from operating activities for the six months ended June 30, 2009 was \$29.8 million and resulted primarily from net income of \$12.1 million, adjusted for non-cash items including depreciation and amortization expense of \$15.8 million. Net cash provided from operating activities for the six months ended June 30, 2008 was \$19.4 million resulting primarily from net income of \$4.7 million, adjusted for non-cash items including depreciation and amortization expense of \$16.1 million.

Investing Activities. Net cash used for investing activities in the six months ended June 30, 2009 and 2008 was \$11.8 million and \$24.5 million, respectively. Capital expenditures are the largest component of our investing activities and include: (1) new restaurant development which may include the purchase of real estate; (2) restaurant remodeling, which includes the renovation of the interior and exterior of our existing restaurants, including expenditures associated with Burger King franchise renewals; (3) other restaurant capital expenditures, which include capital maintenance expenditures for the ongoing reinvestment and enhancement of our restaurants; and (4) corporate and restaurant information systems, including expenditures in 2009 and 2008 for new point-of-sale systems for all of our Pollo Tropical and Taco Cabana restaurants.

Table of Contents

The following table sets forth our capital expenditures for the six months ended June 30, 2009 and 2008 (in thousands):

1) Excludes restaurant repair and maintenance expenses included in other restaurant operating expenses in our consolidated financial statements. For the six months ended June 30, 2009 and 2008, total restaurant repair and maintenance expenses were approximately \$8.5 million and \$9.8 million, respectively.

2) Includes Burger King restaurants which were relocated in the same market area under a new franchise agreement.

In 2009, we currently anticipate that total capital expenditures will range from \$35 million to \$40 million, although the actual amount of capital expenditures may differ from these estimates. These expenditures are expected to include approximately \$9 million to \$11 million for the development of new restaurants and purchase of related real estate. In 2009 we anticipate opening one to two new Pollo Tropical restaurants, three to four new Taco Cabana restaurants and two to three new Burger King restaurants all of which will be relocations of Burger King restaurants within their existing market areas. Capital expenditures in 2009 are expected to also include approximately \$19 million to \$22 million for the ongoing reinvestment in our restaurants for remodeling costs and capital maintenance expenditures, approximately \$2 million related to the replacement and upgrade of point-of-sale systems at our Pollo Tropical restaurants and approximately \$4 million for the installation of new broilers at our Burger King restaurants.

Investing activities also include sale-leaseback transactions related to our restaurant properties, the proceeds from which were \$5.5 million and \$4.7 million in the six months ended June 30, 2009 and 2008, respectively. In the six months ended June 30, 2009 we also sold one non-operating restaurant property for net proceeds of \$0.2 million. The net proceeds from these sales were used to reduce outstanding borrowings under our senior credit facility. We also acquired a property for a future sale-leaseback for \$0.2 million in the six months ended June 30, 2009.

Financing Activities. Net cash used for financing activities in the first six months of 2009 was \$18.3 million and included net repayments of revolving credit borrowings of \$15.0 million and scheduled term loan principal repayments of \$3.0 million. In the first six months of 2009, we also purchased one of our restaurant properties previously subject to a lease financing obligation for \$1.1 million and entered into a sale transaction for a restaurant property with proceeds of \$0.8 million that did not qualify for sale accounting and was recorded as a lease financing obligation. Net cash provided from financing activities in the first six months of 2008 was \$2.1 million and included net borrowings from our revolving credit facility of \$9.5 million. During the six months ended June 30, 2008 we also purchased six restaurant properties for \$5.5 million that were previously accounted for as lease financing obligations and \$2.0 million of our outstanding Notes for \$1.8 million in open market transactions.

Senior Credit Facility. Our senior credit facility consists of term loan A borrowings maturing on March 8, 2013 (or earlier on September 30, 2012 if the Notes are not refinanced by June 30, 2012) and a \$65.0 million revolving credit facility (including a sub limit of up to \$25.0 million for letters of credit and up to \$5.0 million for swingline loans) maturing on March 8, 2012.

[Table of Contents](#)

Both term loan and revolving credit borrowings under the senior credit facility bear interest at a per annum rate, at our option, of either:

- 1) the applicable margin percentage ranging from 0% to 0.25% based on our senior leverage ratio (as defined in the senior credit facility) plus the greater of (i) the prime rate or (ii) the federal funds rate for that day plus 0.5%; or
- 2) Adjusted LIBOR plus the applicable margin percentage in effect ranging from 1.0% to 1.5% based on our senior leverage ratio. At June 30, 2009 the LIBOR margin percentage was 1.25%.

At June 28, 2009, outstanding term loan borrowings under the senior credit facility were \$114.0 million with the remaining balance due and payable as follows:

- 1) eight quarterly installments of \$3.0 million beginning on June 30, 2009;
- 2) four quarterly installments of \$4.5 million beginning on June 30, 2011; and
- 3) four quarterly installments of \$18.0 million beginning on June 30, 2012.

Under the senior credit facility, we are also required to make mandatory prepayments of principal on term loan borrowings (a) annually in an amount up to 50% of Excess Cash Flow depending upon our Total Leverage Ratio (as such terms are defined in the senior credit facility), (b) in the event of certain dispositions of assets (all subject to certain exceptions) and insurance proceeds, in an amount equal to 100% of the net proceeds received by us therefrom, and (c) in an amount equal to 100% of the net proceeds from any subsequent issuance of debt. The senior credit facility contains customary default provisions as provided therein, including without limitation, a cross default provision pursuant to which it is an event of default under the senior credit facility if there is a default in the payment of any principal of or interest on any indebtedness of Carrols having an outstanding principal amount of at least \$2.5 million (excluding lease financing obligations but which would include the Indenture governing the Notes) or any event or condition which results in the acceleration of such indebtedness prior to its stated maturity.

In general, obligations under the senior credit facility are guaranteed by us and all of Carrols' material subsidiaries and are collateralized by a pledge of Carrols' common stock and the stock of each of Carrols' material subsidiaries. The senior credit facility contains certain covenants, including, without limitation, those limiting our ability to incur indebtedness, incur liens, sell or acquire assets or businesses, change the nature of our business, engage in transactions with related parties, make certain investments or pay dividends. In addition, we are required to meet certain financial ratios, including fixed charge coverage, senior leverage, and total leverage ratios (all as defined under the senior credit facility). We were in compliance as of June 30, 2009 with the covenants in the senior credit facility. At June 30, 2009, Carrols fixed charge coverage ratio was 1.49 to 1.00 compared to the minimum required fixed charge ratio of 1.20 to 1.00, Carrols senior leverage ratio was 1.45 to 1.00 compared to the allowed senior leverage ratio of 2.25 to 1.00, and Carrols total leverage ratio was 3.29 to 1.00 compared to the allowed total leverage ratio of 4.50 to 1.00.

Notes. On December 15, 2004 Carrols issued \$180.0 million of Notes. The Notes bear interest at a rate of 9% payable semi-annually on January 15 and July 15 and mature on January 15, 2013. During 2008, Carrols repurchased and retired \$15.0 million principal amount of the Notes in open market transactions for \$10.4 million resulting in a gain on extinguishment of debt of \$4.4 million, net of a \$0.3 million write-off of deferred financing costs. The Notes are redeemable at the option of Carrols in whole or in part at a price of 104.5% of the principal amount if redeemed before January 15, 2010, 102.25% of the principal amount if redeemed after January 15, 2010 but before January 15, 2011 and at 100% of the principal amount after January 15, 2011.

The Notes are unsecured and guaranteed by Carrols' material subsidiaries. Restrictive covenants under the Notes include limitations with respect to, among other things, Carrols' and its material subsidiaries' ability to incur additional debt, incur liens, sell or acquire assets or businesses, pay dividends and make certain investments. The Indenture governing the Notes contains customary default provisions as provided therein, including without limitation, a cross default provision pursuant to which it is an event of default under the Notes and the Indenture if there is a default under any indebtedness of Carrols having an outstanding principal amount of \$20 million or more (which would include the senior credit facility) if such default results in the acceleration of such indebtedness prior to its stated maturity or is caused by a failure to pay principal when due. Carrols was in compliance as of June 30, 2009 with the restrictive covenants in the Indenture governing the Notes.

Indebtedness. At June 30, 2009, we had total debt outstanding of \$294.9 million comprised of \$165.0 million of Notes, term loan borrowings of \$114.0 million under the senior credit facility, borrowings of \$3.0 million under the revolving credit facility, lease financing obligations of \$11.7 million and capital lease obligations of \$1.2 million. After reserving \$14.3 million for letters of credit guaranteed by our senior credit facility, \$47.7 million was available for borrowings under the revolving credit facility at June 28, 2009.

Contractual Obligations

A table of our contractual obligations as of December 31, 2008 was included in Item 7, "Management's Discussion and Analysis of Financial Condition and Results of Operations" of our Annual Report on Form 10-K for the fiscal year ended December 31, 2008. There have been no significant changes to our contractual obligations during the six months ended June 30, 2009.

Off-Balance Sheet Arrangements

We have no off-balance sheet arrangements other than our operating leases, which are primarily for our restaurant properties and not recorded on our consolidated balance sheet.

Application of Critical Accounting Policies

Our unaudited interim consolidated financial statements and accompanying notes are prepared in accordance with accounting principles generally accepted in the United States of America. Preparing consolidated financial statements requires us to make estimates and assumptions that affect the reported amounts of assets, liabilities, revenue and expenses. These estimates and assumptions are affected by the application of our accounting policies. Our significant accounting policies are described in the "Significant Accounting Policies" footnote in the notes to our Consolidated Financial Statements included in our Annual Report on Form 10-K for the year ended December 31, 2008. Critical accounting estimates are those that require application of management's most difficult, subjective or complex judgments, often as a result of matters that are inherently uncertain and may change in subsequent periods.

Sales recognition at our company-owned and operated restaurants is straightforward as customers pay for products at the time of sale and inventory turns over very quickly. Payments to vendors for products sold in the restaurants are generally settled within 30 days. The earnings reporting process is covered by our system of internal controls and generally does not require significant management estimates and judgments. However, critical accounting estimates and judgments, as noted below, are inherent in the assessment and recording of accrued occupancy costs, insurance liabilities, legal obligations, income taxes, the valuation of goodwill and intangible assets for impairment, assessing impairment of long-lived assets and lease accounting matters. While we apply our judgment based on assumptions believed to be reasonable under the circumstances, actual results could vary from these assumptions. It is possible that materially different amounts would be reported using different assumptions.

Accrued occupancy costs. We make estimates of accrued occupancy costs pertaining to closed restaurant locations on an ongoing basis. These estimates require assessment and continuous evaluation of a number of factors such as the remaining contractual period under our lease obligations, the amount of sublease income we are able to realize on a particular property and estimates of other costs such as property taxes. Differences between actual future events and prior estimates could result in adjustments to these accrued costs. At June 30, 2009 we had four non-operating restaurant properties.

Insurance liabilities. We are insured for workers' compensation, general liability and medical insurance claims under policies where we pay all claims, subject to annual stop-loss limitations both for individual claims and claims in the aggregate. At June 30, 2009, we had \$9.0 million accrued for these insurance claims. We record insurance liabilities based on historical and industry trends, which are continually monitored, and adjust accruals as warranted by changing circumstances. Since there are many estimates and assumptions involved in recording these insurance liabilities, including the ability to estimate the future development of incurred claims based on historical trends, differences between actual future events and prior estimates and assumptions could result in adjustments to these liabilities.

Legal obligations. In the normal course of business, we must make estimates of potential future legal obligations and liabilities which require the use of management's judgment. Management may also use outside legal advice to assist in the estimating process. However, the ultimate outcome of various legal issues could be different than management estimates and adjustments to income could be required.

Income taxes. We record income tax liabilities utilizing known obligations and estimates of potential obligations. We are required to record a valuation allowance if it is more likely than not that the value of estimated deferred tax assets are different from those recorded. This would include making estimates and judgments on future taxable income, the consideration of feasible tax planning strategies and existing facts and circumstances. When the amount of deferred tax assets to be realized is expected to be different from that recorded, the asset balance and income statement would reflect any change in valuation in the period such determination is made.

[Table of Contents](#)

Evaluation of Goodwill. We must evaluate our recorded goodwill under SFAS No. 142, "Goodwill and Other Intangible Assets" ("SFAS 142") on an ongoing basis. We have elected to conduct our annual impairment review of goodwill assets at December 31. Our review at December 31, 2008 indicated there has been no impairment as of that date. In performing the goodwill impairment test, we compare the net book values of our reporting units to their estimated fair values. In determining the estimated fair values of the reporting units, we employ a combination of a discounted cash flow analysis and a market-based approach. The results of these analyses are corroborated with other value indicators where available, such as comparable company earnings multiples and research analyst estimates. This annual evaluation of goodwill requires us to make estimates and assumptions to determine the fair value of our reporting units including projections regarding future operating results of each restaurant over its remaining lease term and market values. These estimates may differ from actual future events and if these estimates or related projections change in the future, we may be required to record impairment charges for these assets.

Impairment of Long-lived Assets. We assess the potential impairment of long-lived assets, principally property and equipment, whenever events or changes in circumstances indicate that the carrying value may not be recoverable. We determine if there is impairment at the restaurant level by comparing undiscounted future cash flows from the related long-lived assets with their respective carrying values. In determining future cash flows, significant estimates are made by us with respect to future operating results of each restaurant over its remaining lease term. If assets are determined to be impaired, the impairment charge is measured by calculating the amount by which the asset carrying amount exceeds its fair value. This process of assessing fair values requires the use of estimates and assumptions, which are subject to a high degree of judgment. If these assumptions change in the future, we may be required to record impairment charges for these assets.

Impairment of Burger King Franchise Rights. We assess the potential impairment of Burger King franchise rights whenever events or changes in circumstances indicate that the carrying value may not be recoverable. We determine if there is impairment by comparing the aggregate undiscounted future cash flows from those acquired restaurants with the respective carrying value of franchise rights for each Burger King acquisition. In determining future cash flows, significant estimates are made by us with respect to future operating results of each group of acquired restaurants over their remaining franchise life. If acquired franchise rights are determined to be impaired, the impairment charge is measured by calculating the amount by which the franchise rights carrying amount exceeds its fair value. This process requires the use of estimates and assumptions, which are subject to a high degree of judgment. If these assumptions change in the future, we may be required to record impairment charges for these assets.

Lease Accounting. Judgments made by management for our lease obligations include the lease term including the determination of renewal options that are reasonably assured which can affect the classification of a lease as capital or operating for accounting purposes, the term over which related leasehold improvements for each restaurant are amortized, and any rent holidays and/or changes in rental amounts for recognizing rent expense over the term of the lease. These judgments may produce materially different amounts of depreciation, amortization and rent expense than would be reported if different assumed lease terms were used.

We also must evaluate under SFAS 98 sales of our restaurants which occur in sale-leaseback transactions to determine the proper accounting for the proceeds of such sales either as a sale or a financing. This evaluation requires certain judgments in determining whether or not clauses in the lease or any related agreements constitute continuing involvement under SFAS 98. These judgments must also consider the various interpretations of SFAS 98 since its issuance. For those sale-leasebacks that are accounted for as financing transactions, we must estimate our incremental borrowing rate, or another rate in cases where the incremental borrowing rate is not appropriate to utilize, for purposes of determining interest expense and the resulting amortization of the lease financing obligation. Changes in the determination of the incremental borrowing rates or other rates utilized in connection with the accounting for lease financing transactions could have a significant effect on the interest expense and underlying balance of the lease financing obligations.

In addition, if a purchase option exists for any properties subject to a lease financing obligation, the purchase option is evaluated for its probability of exercise on an ongoing basis. This evaluation considers many factors including, without limitation, our intentions, the fair value of the underlying properties, our ability to acquire the property, economic circumstances and other available alternatives to us for the continued use of the property. These factors may change and be considered differently in future assessments of probability.

Stock-based Compensation. Stock-based compensation is estimated for equity awards at fair value at the grant date. We determine the fair value of equity awards using the Black-Scholes model which requires the use of certain assumptions. The assumptions include the risk-free rate of interest, expected dividend yield, expected volatility and the expected life of the award. The risk-free rate of interest is based on the zero coupon U.S. Treasury rate appropriate for the expected term of the award. There are no dividend assumptions as we do not currently plan to pay dividends on our common stock. Expected stock price volatility is based on the implied volatility of a peer group that had actively traded stock during the period

[Table of Contents](#)

immediately preceding the share-based award grant as we currently do not have sufficient historical stock price data for our stock. This period is equal in length to the award's expected term. Compensation expense is recognized only for those options expected to vest, with forfeitures estimated based on our historical experience and future expectations.

Effects of New Accounting Standards

In May 2009, the Financial Accounting Standards Board ("FASB") issued SFAS No. 165 ("SFAS 165"), "Subsequent Events," which provides guidance to establish general standards of accounting for and disclosures of events that occur after the balance sheet date but before financial statements are issued or are available to be issued. It also requires the disclosure of the date through which an entity has evaluated subsequent events and the basis for that date, that is, whether that date represents the date the financial statements were issued or were available to be issued. This disclosure should alert all users of financial statements that an entity has not evaluated subsequent events after that date in the set of financial statements being presented. SFAS 165 is effective for interim and annual periods ending after June 15, 2009. We implemented SFAS 165 during the three months ended June 30, 2009. We evaluated for subsequent events through August 5, 2009, the issuance date of our financial statements. No subsequent events requiring disclosure were noted.

In June 2009, the FASB issued SFAS No. 168 ("SFAS 168"), "The FASB Accounting Standards Codification and the Hierarchy of Generally Accepted Accounting Principles — a replacement of FASB Statement No. 162." SFAS 168 replaces SFAS No. 162, "The Hierarchy of Generally Accepted Accounting Principles," and identifies the sources of authoritative accounting principles and the framework for selecting the principles used in the preparation of financial statements that are presented in conformity with generally accepted accounting principles in the U.S. We are required to adopt the provisions of SFAS 168 for our interim period ending September 30, 2009 and it will impact our financial statement disclosures as all future references to authoritative accounting literature will be referenced in accordance with SFAS 168. There will be no changes to the content of our financial statements or disclosures as a result of implementing SFAS 168.

Forward Looking Statements

This Quarterly Report on Form 10-Q contains statements which constitute forward-looking statements within the meaning of Section 27A of the Securities Act of 1933, as amended, and Section 21E of the Securities Exchange Act of 1934, as amended. Statements that are predictive in nature or that depend upon or refer to future events or conditions are forward-looking statements. These statements are often identified by the words "may," "might," "will," "should," "anticipate," "believe," "expect," "intend," "estimate," "hope" or similar expressions. In addition, expressions of our strategies, intentions or plans are also forward looking statements. These statements reflect management's current views with respect to future events and are subject to risks and uncertainties, both known and unknown. You are cautioned not to place undue reliance on these forward-looking statements, which speak only as of their date. There are important factors that could cause actual results to differ materially from those in forward-looking statements, many of which are beyond our control. Investors are cautioned that any such forward-looking statements are not guarantees of future performance and involve risks and uncertainties, and that actual results may differ materially from those projected or implied in the forward-looking statements. We believe important factors that could cause actual results to differ materially from our expectations include the following, in addition to other risks and uncertainties discussed herein and in our Annual Report on Form 10-K for the fiscal year ended December 31, 2008:

- *Competitive conditions;*
- *Regulatory factors;*
- *Environmental conditions and regulations;*
- *General economic conditions, particularly in the retail sector;*
- *Weather conditions;*
- *Increases in commodity costs;*
- *Fuel prices;*
- *Significant disruptions in service or supply by any of our suppliers or distributors;*

Table of Contents

- *Changes in consumer perception of dietary health and food safety;*
- *Labor and employment benefit costs;*
- *The outcome of pending or future legal claims and proceedings;*
- *Our ability to manage our growth and successfully implement our business strategy;*
- *The risks associated with the expansion of our business;*
- *Our ability to integrate any businesses we acquire;*
- *Our borrowing costs and credit ratings, which may be influenced by the credit ratings of our competitors;*
- *The availability and terms of necessary or desirable financing or refinancing and other related risks and uncertainties;*
- *The risk of events similar to those of September 11, 2001 or an outbreak or escalation of any insurrection or armed conflict involving the United States or any other national or international calamity; and*
- *Factors that affect the restaurant industry generally, including recalls if products become adulterated or misbranded, liability if product consumption causes injury, ingredient disclosure and labeling laws and regulations, reports of cases of “mad cow” disease and avian flu, and the possibility that consumers could lose confidence in the safety and quality of certain food products, as well as negative publicity regarding food quality, illness, injury or other health concerns.*

Inflation

The inflationary factors that have historically affected our results of operations include increases in food and paper costs, labor and other operating expenses and energy costs. Wages paid in our restaurants are impacted by changes in the Federal and state hourly minimum wage rates. Accordingly, changes in the Federal and state hourly minimum wage rates directly affect our labor costs. We typically attempt to offset the effect of inflation, at least in part, through periodic menu price increases and various cost reduction programs. However, no assurance can be given that we will be able to fully offset such inflationary cost increases in the future.

ITEM 3—QUANTITATIVE AND QUALITATIVE DISCLOSURES ABOUT MARKET RISKS

There were no material changes from the information presented in Item 7A included in the Company’s Annual Report on Form 10-K for the year ended December 31, 2008 with respect to the Company’s market risk sensitive instruments.

A 1% change in interest rates would have resulted in an increase or decrease in interest expense of approximately \$0.6 million for the six months ended June 30, 2009.

ITEM 4—CONTROLS AND PROCEDURES

Disclosure Controls and Procedures. Our senior management is responsible for establishing and maintaining disclosure controls and procedures (as defined in Rules 13a-15(e) and 15d-15(e) under the Securities Exchange Act of 1934, as amended (the “Exchange Act”)), designed to ensure that information required to be disclosed by us in the reports that we file or submit under the Exchange Act is recorded, processed, summarized and reported, within the time periods specified in the Securities and Exchange Commission’s rules and forms. Disclosure controls and procedures include, without limitation, controls and procedures designed to ensure that information required to be disclosed by an issuer in the reports that it files or submits under the Exchange Act is accumulated and communicated to the issuer’s management, including its principal executive officer or officers and principal financial officer or officers, or persons performing similar functions, as appropriate to allow timely decisions regarding required disclosure.

Evaluation of Disclosure Controls and Procedures. We have evaluated the effectiveness of our disclosure controls and procedures (as defined in Rules 13a-15(e) and 15d-15(e) under the Exchange Act) as of the end of the period covered by this report, with the participation of our Chief Executive Officer and Chief Financial Officer, as well as other key members of our management. Based on this evaluation, our Chief Executive Officer and Chief Financial Officer concluded that our disclosure controls and procedures were effective as of June 28, 2009.

No change occurred in our internal control over financial reporting during the second quarter of 2009 that materially affected, or is reasonably likely to materially affect, our internal control over financial reporting.

PART II—OTHER INFORMATION

Item 1. Legal Proceedings

On November 30, 2002, four former hourly employees commenced a lawsuit against Carrols in the United States District Court for the Western District of New York (the “Court”) entitled Dawn Seever, et al. v. Carrols Corporation. The lawsuit alleged, in substance, that Carrols violated certain minimum wage laws under the Federal Fair Labor Standards Act and related state laws by requiring employees to work without recording their time and by retaliating against those who complained. The plaintiffs sought damages, costs and injunctive relief. They also sought to notify and certify a class consisting of current and former employees who, since 1998, have worked, or are working, for Carrols. On December 17, 2007, the Court issued a decision and order denying Plaintiffs’ motion for notice and class certification and granting the Company’s motion to dismiss all of the claims of the plaintiffs, other than certain nominal claims relating to orientation and managers’ meetings. Those nominal claims have now been resolved and on June 10, 2009 the case was dismissed in its entirety with prejudice.

Item 1A. RISK FACTORS

Part I — Item 1A of our Annual Report on Form 10-K for the fiscal year ended December 31, 2008 describes important factors that could cause our actual operating results to differ materially from those indicated or suggested by forward-looking statements made in this Form 10-Q or presented elsewhere by management from time-to-time. There have been no material changes from the risk factors previously disclosed in our Annual Report on Form 10-K for the fiscal year ended December 31, 2008.

Item 2. Unregistered Sales of Equity Securities and Use of Proceeds

None

Item 3. Default Upon Senior Securities

None

Item 4. Submission of Matters to a Vote of Security Holders

On June 9, 2008, Carrols Restaurant Group, Inc. held its 2009 Annual Meeting of Stockholders (the “Meeting”). In connection with the Meeting, Carrols Restaurant Group, Inc. solicited proxies from its stockholders pursuant to Regulation 14A of the Exchange Act.

The matters voted upon by the stockholders and the votes cast with respect to such matters are as follows:

1. To elect the following nominees as Class III directors.

<u>Nominee</u>	<u>For</u>	<u>Withheld</u>
Robin P. Selati	18,586,779	81,704
Jack A. Smith	18,489,354	179,129
Olaseni Adeyemi Sonuga	18,483,239	185,245

As previously disclosed by the Company in a Current Report on Form 8-K filed with the Securities and Exchange Commission on July 8, 2009, effective as of July 2, 2009, Messrs. Selati and Sonuga resigned from the Company’s board of directors. Also effective as of July 2, 2009, the Company’s board of directors elected Brian P. Friedman and Nicholas Daraviras to the Company’s board of directors as Class III directors to fill the vacancies resulting from the resignations of Messrs. Selati and Sonuga .

Our Class I directors are Alan Vituli and Daniel T. Accordino, whose term will expire at the Annual Meeting of Stockholders to be held in 2010 and when their successors are duly elected and qualify, and our Class II directors are Joel M. Handel and Clayton E. Wilhite, whose term will expire at the Annual Meeting of Stockholders to be held in 2011 and when their successors are duly elected and qualify.

REGISTRATION RIGHTS AGREEMENT

THIS REGISTRATION RIGHTS AGREEMENT (this “Agreement”) is made as of June 16, 2009 by and among Carrols Restaurant Group, Inc., a Delaware corporation (the “Company”) and the Persons listed on the signature page hereto as investors (collectively referred to herein as the “Investors”).

The Investors intend to acquire up to 6,559,739 shares (the “Purchased Shares”) of Common Stock from Madison Dearborn Capital Partners, L.P., Madison Dearborn Capital Partners II, L.P. (collectively with Madison Dearborn Capital Partners, L.P., the “Madison Sellers”) and BIB Holdings (Bermuda), Ltd. (“BIB”) pursuant to one or more stock purchase agreements (collectively, the “Purchase Agreements”). Unless otherwise provided in this Agreement, other capitalized terms used herein shall have the meanings set forth in Section 9 hereof.

NOW, THEREFORE, in consideration of the mutual covenants contained herein and other good and valuable consideration, the receipt and sufficiency of which are hereby acknowledged, the parties to this Agreement hereby agree as follows:

1. Effectiveness.

This Agreement shall become effective only upon the consummation of the purchase by the Investors from the Madison Sellers or BIB of Purchased Shares pursuant to one or more of the Purchase Agreements. The Sellers shall give the Company prompt notice of each such purchase, which notice shall state the number of Purchased Shares purchased.

2. Demand Registrations.

(a) Short-Form Registrations. The holders of a majority of the Registrable Securities, as a group, shall be entitled to request registration on Form S-3, or any similar form (each, a “Short-Form Registration”), in which the Company shall pay Registration Expenses as provided in Section 6 of this Agreement; provided that, except in the case of one non-underwritten Short-Form Registration (the “Excepted Registration”), the aggregate offering value of the Registrable Securities requested to be registered in any Short-Form Registration which is qualified under Rule 415 under the Securities Act must be equal to at least \$5,000,000 and which contemplates an underwritten offering must be equal to at least \$10,000,000. The offering contemplated by the Excepted Registration shall not be underwritten. Demand Registrations shall be Short-Form Registrations whenever the Company is permitted to use any applicable short form. The Company shall use its best efforts to make Short-Form Registrations on Form S-3 available for the sale of Registrable Securities. If a request for a Demand Registration is for a shelf registration pursuant to Rule 415 of the Securities Act, the Company shall use its reasonable best efforts to keep such shelf registration continuously effective for up to 9 months following such registration, but not later than the date on which all of the Registrable Securities covered by such shelf registration may be sold without limitation or restriction pursuant to Rule 144 under the Securities Act (or any successor provision having similar effect); provided, however, that prior to the termination of such shelf registration prior to the expiration of such maximum period for the reason that such Registrable Securities may be sold without limitation or restriction pursuant to Rule 144 under the Securities Act or any successor provision having similar effect, the Company shall first furnish to each holder of Registrable Securities participating in such shelf registration (i) an opinion, in form and substance reasonably satisfactory to the holders of a majority of the Registrable Securities, of counsel for the Company reasonably satisfactory to the holders of a majority of the Registrable Securities requesting such registration stating that such Registrable Securities are freely saleable without limitation or restriction pursuant to Rule 144 under the Securities Act (or any successor provision having similar effect) or (ii) a “No-Action Letter” from the staff of the Securities and Exchange Commission stating that the Securities and Exchange Commission would not recommend enforcement action if the Registrable Securities included in such shelf registration were sold in a public sale other than pursuant to an effective registration statement or Rule 144.

(b) Long-Form Registrations. At any time that a Short-Form Registration pursuant to paragraph 2(a) is not available, the holders of a majority of the Registrable Securities, as a group, shall be entitled to request registration on Form S-1, or any similar form (each, a “Long-Form Registration”), in which the Company shall pay Registration Expenses as provided in Section 6 of this Agreement; provided that (i) the aggregate offering value of the Registrable Securities requested to be registered in any Long-Form Registration must be equal to at least \$15,000,000; (ii) such holders shall not be permitted more than three (3) Long-Form Registrations hereunder; and (iii) each Long-Form Registration shall be an underwritten registration. A registration shall not count as one of the permitted Long-Form Registrations until it has become effective, and no Long-Form Registration shall count as one of the permitted Long-Form Registrations unless the person or group making such request is able to register and sell at least 90% of the Registrable Securities requested to be included in such registration; provided that in any event the Company shall pay Registration Expenses as provided in Section 6 of this Agreement in connection with any registration initiated as a Long-Form Registration whether or not it has become effective and whether or not such registration has counted as one of the permitted Long-Form Registrations.

(c) All registrations requested pursuant to this Section 2 are referred to herein as “Demand Registrations”. The holders of Registrable Securities shall not be permitted more than a total of five Demand Registrations hereunder. Each request for a Demand Registration shall specify the approximate number of Registrable Securities requested to be registered and the anticipated per share price range for such offering. Within ten days after receipt of any such request, the Company shall give written notice of such requested registration to all other holders of Registrable Securities and shall include in such registration all Registrable Securities with respect to which the Company has received written requests for inclusion therein within 15 days after the receipt of the Company’s notice.

(d) Priority on Demand Registrations. The Company will not include in any Demand Registration any securities which are not Registrable Securities without the written consent of the holders of a majority of the Registrable Securities requesting such registration. If a Demand Registration is an underwritten offering and the managing underwriters advise the Company in writing that in their opinion the number of Registrable Securities and, if permitted hereunder, other securities requested to be included in such offering exceeds the number of Registrable Securities and other securities, if any, which can be sold therein without adversely affecting the marketability of the offering, the Company shall include in such registration prior to the inclusion of any securities which are not Registrable Securities the number of Registrable Securities requested to be included which in the opinion of such underwriters can be sold without adversely affecting the marketability of the offering, pro rata among the respective holders thereof on the basis of the amount of Registrable Securities owned by each such holder. Notwithstanding the foregoing, no employee of the Company or any subsidiary thereof will be entitled to participate, directly or indirectly, in any such registration to the extent that the managing underwriter determines in good faith that the participation of such employee in such registration would adversely affect the marketability or offering price of the securities being sold in such registration. In the event the Company shall not, by virtue of this paragraph 2(d), include in any Demand Registration all of the Registrable Securities of any holder of Registrable Securities requesting to be included in such Demand Registration, such holder may, upon written notice to the Company given within five days of the time such holder first is notified of such matter, reduce the amount of Registrable Securities it desires to have included in such Demand Registration, whereupon only the Registrable Securities, if any, it desires to have included will be so included and the holders of Registrable Securities not so reducing shall be entitled to a corresponding increase in the amount of Registrable Securities to be included in such Demand Registration.

(e) Restrictions on Demand Registrations. The Company shall not be obligated to effect any Demand Registration within 180 days after the effective date of a previous Demand Registration or a previous registration in which the holders of Registrable Securities were given piggyback rights pursuant to Section 3 below. The Company may postpone for up to 120 days the filing or the effectiveness of a registration statement for a Demand Registration if the Company in good faith determines that such Demand Registration would reasonably be expected to have a material adverse effect on any proposal or plan by the Company or any of its Subsidiaries to engage in any acquisition of assets (other than in the ordinary course of business) or any merger, consolidation, tender offer, reorganization or similar transaction; provided that in such event, the holders of Registrable Securities initially requesting such Demand Registration shall be entitled to withdraw such request and, if such request is withdrawn, such Demand Registration shall not count as one of the permitted Demand Registrations hereunder and the Company shall pay Registration Expenses as provided in Section 6 of this Agreement in connection with such registration.

(f) Selection of Underwriters. The holders of a majority of the Registrable Securities requesting registration hereunder shall have the right to select the investment banker(s) and manager(s) to administer the offering, subject to the reasonable consent of the Company.

(g) Other Registration Rights. The Company may grant rights to other Persons to participate in Piggyback Registrations so long as such rights are subordinate to the rights of the holders of Registrable Securities with respect to such Piggyback Registrations as set forth in paragraphs 3(c) and 3(d) below. Notwithstanding the foregoing, the parties hereto acknowledge that the Management Holders have the right to participate in Piggyback Registrations *pari passu* with the holders of the Registrable Securities.

3. Piggyback Registrations.

(a) Right to Piggyback. Whenever the Company proposes to register any of its securities under the Securities Act (other than pursuant to a Demand Registration) and the registration form to be used may be used for the registration of Registrable Securities (a "Piggyback Registration"), the Company shall give prompt written notice to all holders of Registrable Securities of its intention to effect such a registration and shall include in such registration all Registrable Securities with respect to which the Company has received written requests for inclusion therein within 20 days after the receipt of the Company's notice.

(b) Piggyback Expenses. The Registration Expenses of the holders of Registrable Securities shall be paid by the Company as provided in Section 6 in all Piggyback Registrations.

(c) Priority on Primary Registrations. If a Piggyback Registration is an underwritten primary registration on behalf of the Company, and the managing underwriters advise the Company in writing that in their opinion the number of securities requested to be included in such registration exceeds the number which can be sold in such offering without adversely affecting the marketability of the offering, the Company shall include in such registration (i) first, the securities the Company proposes to sell, (ii) second, the Registrable Securities and Other Registrable Securities requested to be included in such registration, pro rata among the holders of such Registrable Securities and Other Registrable Securities on the basis of the number of shares owned by each such holder, and (iii) third, other securities requested to be included in such registration.

(d) Priority on Secondary Registrations. If a Piggyback Registration is an underwritten secondary registration on behalf of holders of the Company's securities, and the managing underwriters advise the Company in writing that in their opinion the number of securities requested to be included in such registration exceeds the number which can be sold in such offering without adversely affecting the marketability of the offering, the Company shall include in such registration (i) first, the securities requested to be included therein by the holders requesting such registration, (ii) second, the Registrable Securities and Other Registrable Securities requested to be included in such registration, pro rata among the holders of such Registrable Securities and Other Registrable Securities on the basis of the number of shares owned by each such holder, and (iii) third, other securities requested to be included in such registration.

(e) Reserved.

(f) Selection of Underwriters. If any Piggyback Registration is an underwritten offering, the Company shall select the investment banker(s) and manager(s) for the offering.

4. Holdback Agreements.

(a) Each holder of Registrable Securities shall not effect any public sale or distribution (including sales pursuant to Rule 144) of equity securities of the Company, or any securities convertible into or exchangeable or exercisable for such securities, during the seven days prior to and the 180-day period beginning on the effective date of any underwritten Demand Registration or any underwritten Piggyback Registration in which Registrable Securities are included (except as part of such underwritten registration), unless the underwriters managing the registered public offering otherwise agree.

(b) Reserved.

5. Registration Procedures.

Whenever the holders of Registrable Securities have requested that any Registrable Securities be registered pursuant to this Agreement, the Company shall use its reasonable best efforts to effect the registration and the sale of such Registrable Securities in accordance with the intended method of disposition thereof and pursuant thereto the Company shall as expeditiously as possible:

(a) prepare and file with the Securities and Exchange Commission a registration statement with respect to such Registrable Securities and use its reasonable best efforts to cause such registration statement to become effective (provided that before filing a registration statement or prospectus or any amendments or supplements thereto, the Company shall furnish to the counsel selected by the holders of a majority of the Registrable Securities covered by such registration statement copies of all such documents proposed to be filed, which documents shall be subject to the review and comment of such counsel);

(b) notify each holder of Registrable Securities of the effectiveness of each registration statement filed hereunder and prepare and file with the Securities and Exchange Commission such amendments and supplements to such registration statement and the prospectus used in connection therewith as may be necessary to keep such registration statement effective for a period of not less than 9 months and comply with the provisions of the Securities Act with respect to the disposition of all securities covered by such registration statement during such period in accordance with the intended methods of disposition by the sellers thereof set forth in such registration statement;

(c) furnish to each seller of Registrable Securities such number of copies of such registration statement, each amendment and supplement thereto, the prospectus included in such registration statement (including each preliminary prospectus) and such other documents as such seller may reasonably request in order to facilitate the disposition of the Registrable Securities owned by such seller;

(d) use its best efforts to register or qualify such Registrable Securities under such other securities or blue sky laws of such jurisdictions as any seller reasonably requests and do any and all other acts and things which may be reasonably necessary or advisable to enable such seller to consummate the disposition in such jurisdictions of the Registrable Securities owned by such seller (provided that the Company shall not be required to (i) qualify generally to do business in any jurisdiction where it would not otherwise be required to qualify but for this subparagraph, (ii) subject itself to taxation in any such jurisdiction or (iii) consent to general service of process in any such jurisdiction);

(e) notify each seller of such Registrable Securities, at any time when a prospectus relating thereto is required to be delivered under the Securities Act, of the happening of any event as a result of which the prospectus included in such registration statement contains an untrue statement of a material fact or omits any fact necessary to make the statements therein not misleading, and, at the request of any such seller, the Company shall prepare a supplement or amendment to such prospectus so that, as thereafter delivered to the purchasers of such Registrable Securities, such prospectus shall not contain an untrue statement of a material fact or omit to state any fact necessary to make the statements therein not misleading;

(f) cause all such Registrable Securities to be listed on each securities exchange or automated quotation system on which similar securities issued by the Company are then listed or quoted;

(g) provide a transfer agent and registrar for all such Registrable Securities not later than the effective date of such registration statement;

(h) enter into such customary agreements (including underwriting agreements in customary form) and take all such other actions as the holders of a majority of the Registrable Securities being sold or the underwriters, if any, reasonably request in order to expedite or facilitate the disposition of such Registrable Securities (including effecting a stock split or a combination of shares);

(i) in the case of an underwritten offering, use its reasonable best efforts to obtain (i) a "comfort letter" from the Company's independent public accountants in customary form and covering such matters of the type customarily covered by comfort letters and (ii) opinions of counsel from the Company's counsel in customary form and covering such matters of the type customarily covered in a public issuance of securities, in each case, in form and substance reasonably satisfactory to the underwriters and addressed to the managing underwriters;

(j) make available for inspection by any seller of Registrable Securities, any underwriter participating in any disposition pursuant to such registration statement and any attorney, accountant or other agent retained by any such seller or underwriter, all financial and other records, pertinent corporate documents and properties of the Company, and cause the Company's officers, directors, employees and independent accountants to supply all information reasonably requested by any such seller, underwriter, attorney, accountant or agent in connection with such registration statement;

(k) otherwise use its best efforts to comply with all applicable rules and regulations of the Securities and Exchange Commission, and make available to its security holders, as soon as reasonably practicable but no later than 90 days after the end of any 12-month period, an earnings statement covering the period of at least twelve months beginning with the first day of the Company's first full calendar quarter after the effective date of the registration statement, which earnings statement shall satisfy the provisions of Section 11(a) of the Securities Act and Rule 158 thereunder;

(l) in the event of the issuance of any stop order suspending the effectiveness of a registration statement, or of any order suspending or preventing the use of any related prospectus or suspending the qualification of any common stock included in such registration statement for sale in any jurisdiction, the Company shall use its best efforts promptly to obtain the withdrawal of such order; and

(m) permit any holder of Registrable Securities which holder, in its sole and exclusive judgment, might be deemed to be an underwriter or a controlling person of the Company, to participate in the preparation of such registration or comparable statement and to require the insertion therein of material, furnished to the Company in writing, which in the reasonable judgment of such holder and its counsel should be included.

Cooperation by the Company and its management shall include, but not be limited to, management's attendance and reasonable presentations in respect of the Company at road shows with respect to the offering of Registrable Securities.

6. Registration Expenses.

(a) All expenses incident to the Company's performance of or compliance with this Agreement, including without limitation all registration and filing fees, fees and expenses of compliance with securities or blue sky laws, printing expenses, messenger and delivery expenses, fees and disbursements of custodians, and fees and disbursements of counsel for the Company and all independent certified public accountants, underwriters (excluding discounts, commissions and underwriters' counsel fees) and other Persons retained by the Company (all such expenses being herein called "Registration Expenses"), shall be borne by the Company, except as otherwise provided in this Agreement. In addition to underwriting discounts, commissions and underwriters' counsel fees, the holders of the Registrable Securities included in the Excepted Registration shall bear the out-of-pocket Registration Expenses of the Excepted Registration. The Company shall, in any event, pay its internal expenses (including, without limitation, all salaries and expenses of its officers and employees performing legal or accounting duties), the expense of any annual audit or quarterly review and the expenses and fees for listing the securities to be registered on each securities exchange on which similar securities issued by the Company are then listed or on the FINRA automated quotation system.

(b) In connection with each Demand Registration (other than the Excepted Registration) and each Piggyback Registration, the Company shall reimburse the holders of Registrable Securities included in such registration for not more than \$75,000 in the aggregate of the reasonable fees and disbursements of one counsel chosen by the holders of a majority of the Registrable Securities included in such registration.

(c) To the extent Registration Expenses are not required to be paid by the Company, each holder of securities included in any registration hereunder shall pay those Registration Expenses allocable to the registration of such holder's securities so included, and any Registration Expenses not so allocable shall be borne by all sellers of securities included in such registration in proportion to the aggregate selling price of the securities to be so registered.

7. Indemnification.

(a) The Company shall indemnify, to the extent permitted by law, each holder of Registrable Securities, its affiliates and their respective officers, directors, managers, partners, members, shareholders, employees and agents and each Person who controls such holder (within the meaning of the Securities Act) against, and pay and reimburse any of the foregoing for any and all losses, claims, damages, liabilities and expenses, joint or several, to which any of the foregoing may become subject under the Securities Act or otherwise, insofar as such losses, claims, damages, liabilities or expenses (or actions or proceedings, whether commenced or threatened, in respect thereof) arise out of or are based upon (i) any untrue or alleged untrue statement of material fact contained in any registration statement, prospectus or preliminary prospectus or any amendment thereof or supplement thereto (including without limitation any "free writing prospectus" as defined in Rule 433 under the Securities Act (an "issuer free writing prospectus"), or that would otherwise constitute a "free writing prospectus," as defined in Rule 405 under the Securities Act), (ii) any omission or alleged omission of a material fact required to be stated therein or necessary to make the statements therein not misleading or (iii) any violation by the Company of the Securities Act or any rule or regulation promulgated thereunder or any state securities laws applicable to the Company and relating to action or inaction required by the Company in connection with any such registration statement, and will pay and reimburse such holder, its affiliates and their respective officers, directors, managers, partners, members, shareholders, employees and agents for any legal or any other expenses actually and reasonably incurred by them in connection with investigating, defending or settling any such loss, claim, liability, action or proceeding, except insofar as the same are caused by or contained in any information furnished in writing to the Company by such holder expressly for use therein or by such holder's failure to deliver a copy of the registration statement or prospectus or any amendments or supplements thereto after the Company has furnished such holder with a sufficient number of copies of the same. In connection with an underwritten offering, the Company shall indemnify such underwriters, their officers and directors and each Person who controls such underwriters (within the meaning of the Securities Act) to the same extent as provided above with respect to the indemnification of the holders of Registrable Securities.

(b) In connection with any registration statement in which a holder of Registrable Securities is participating, each such holder shall furnish to the Company in writing such information and affidavits as the Company reasonably requests for use in connection with any such registration statement or prospectus and, to the extent permitted by law, shall indemnify the Company, its directors, officers, managers, partners, members, shareholders, employees and agents and each Person who controls the Company (within the meaning of the Securities Act) against, and pay and reimburse any of the foregoing for any and all losses, claims, damages, liabilities and expenses, joint or several, to which any of the foregoing may become subject under the Securities Act or otherwise, insofar as such losses, claims, damages, liabilities or expenses (or actions or proceedings, whether commenced or threatened, in respect thereof) arise out of or are based upon (i) any untrue or alleged untrue statement of material fact contained in the registration statement, prospectus or preliminary prospectus or any amendment thereof or supplement thereto (including without limitation any issuer free writing prospectus or that would otherwise constitute a "free writing prospectus" as referred to in Section 7(a) above), (ii) any omission or alleged omission of a material fact required to be stated therein or necessary to make the statements therein not misleading or (iii) any violation by a holder of Registrable Securities of the Securities Act or any rule or regulation promulgated thereunder or any state securities laws applicable to such holder and relating to action or inaction required by such holder in connection with any such registration statement, but only to the extent that such untrue statement or omission is contained in, or such action or inaction relates to, any information or affidavit so furnished in writing by such holder, and such holder will reimburse the Company and each such director, officer and controlling Person for any legal or any other expenses actually and reasonably incurred by them in connection with investigating, defending or settling any such loss, claim, liability, action or proceeding, provided that the obligation to indemnify shall be individual, not joint and several, for each holder and shall be limited to the net amount of proceeds received by such holder from the sale of Registrable Securities pursuant to such registration statement.

(c) Any Person entitled to indemnification hereunder shall (i) give prompt written notice to the indemnifying party of any claim with respect to which it seeks indemnification (provided that the failure to give prompt notice shall not impair any Person's right to indemnification hereunder to the extent such failure has not prejudiced the indemnifying party) and (ii) unless in such indemnified party's reasonable judgment a conflict of interest between such indemnified and indemnifying parties may exist with respect to such claim, permit such indemnifying party to assume the defense of such claim with counsel reasonably satisfactory to the indemnified party. If such defense is assumed, the indemnifying party shall not be subject to any liability for any settlement made by the indemnified party without its consent (but such consent shall not be unreasonably withheld). No indemnifying party shall, without the prior written consent of an indemnified party, effect any settlement of any pending or threatened action, suit or proceeding in respect of which such indemnified party is or could have been a party and indemnity could have been sought hereunder by such indemnified party, unless such settlement includes an unconditional release of such indemnified party from all liability on claims that are the subject matter of such action, suit or proceeding. An indemnifying party who is not entitled to, or elects not to, assume the defense of a claim shall not be obligated to pay the fees and expenses of more than one counsel for all parties indemnified by such indemnifying party with respect to such claim, unless in the reasonable judgment of any indemnified party a conflict of interest may exist between such indemnified party and any other of such indemnified parties with respect to such claim.

(d) The indemnification provided for under this Agreement shall remain in full force and effect regardless of any investigation made by or on behalf of the indemnified party or any officer, director or controlling Person of such indemnified party and shall survive the transfer of securities.

(e) In the event the Company's indemnification is unavailable for any reason, the Company also agrees to make such provisions, as are reasonably requested by any indemnified party for contribution to such party in such proportion as is appropriate to reflect the relative fault of the indemnifying party on the one hand and of the indemnified party on the other as well as any other relevant equitable considerations. The relevant fault of the indemnifying party and the indemnified party will be determined by reference to, among other things, whether the untrue or alleged untrue statement of a material fact or the omission to state a material fact relates to information supplied by the indemnifying party or by the indemnified party and the parties' relative intent, knowledge, access to information and opportunity to correct or prevent such statement or omission. Notwithstanding the foregoing, the amount any holder of Registrable Securities will be obligated to contribute pursuant to this paragraph 7(e) will be limited to an amount equal to the net proceeds to such holder sold pursuant to the registration statement which gives rise to such obligation to contribute (less the aggregate amount of any damages which the holder has otherwise been required to pay in respect of such loss, claim, damage, liability or action or any substantially similar loss, claim, damage, liability or action arising from the sale of such Registrable Securities). The parties hereto agree that it would not be just and equitable if contribution pursuant to this paragraph 7(e) were determined by pro rata allocation or by any other method of allocation which does not take into account the equitable considerations referred to in this paragraph 7(e).

(f) No person guilty of fraudulent misrepresentation (within the meaning of Section 11(f) of the Securities Act) shall be entitled to contribution from any person who was not guilty of such fraudulent misrepresentation.

8. Participation in Underwritten Registrations.

No Person may participate in any registration hereunder which is underwritten unless such Person (i) agrees to sell such Person's securities on the basis provided in any underwriting arrangements approved by the Person or Persons entitled hereunder to approve such arrangements and (ii) completes and executes all questionnaires, powers of attorney, indemnities, underwriting agreements and other documents required under the terms of such underwriting arrangements; provided that no holder of Registrable Securities included in any underwritten registration shall be required to make any representations or warranties to the Company or the underwriters (other than representations and warranties regarding such holder and such holder's intended method of distribution) or to undertake any indemnification obligations to the Company or the underwriters with respect thereto, except as otherwise provided in Section 7 hereof.

9. Definitions.

“Affiliate” of a Person other than an individual means any other Person, directly or indirectly controlling, controlled by or under common control with such Person or, with respect to any partnership, any partner thereof.

“Common Stock” means the Company’s common stock, par value \$0.01 per share.

“IPO” means the Company’s initial public offering of the Common Stock, as described in its Registration Statement on Form S-1 (Registration No. 333-137524) initially filed with the Securities and Exchange Commission on September 22, 2006 and as amended thereafter.

“Management Holders” means Alan Vituli, Daniel T. Accordino and Joseph A. Zirkman.

“Other Registrable Securities” means (i) any employee stock options held by any Management Holder and shares of Common Stock acquired by any such Management Holder hereafter through the exercise of employee stock options or any other option held as of the date hereof, and (ii) any Common Stock issued or issuable with respect to the securities referred to in clause (i) by way of a stock dividend or stock split or in connection with a combination of shares, recapitalization, merger, consolidation or other reorganization. For purposes of clarification, it is hereby acknowledged and agreed that the term “Other Registrable Securities” shall also mean and include the 1,979,621 shares of Common Stock acquired, effective as of May 3, 2005 after giving effect to the 11.288-for-1 forward stock split to be effected in connection with the IPO, by any Management Holder (or his Family Group) in exchange for the cancellation and termination of outstanding options to purchase shares of Common Stock held by any such Management Holder (or his Family Group), as more fully described in the Registration Statement.

As to any particular Other Registrable Securities, such securities shall cease to be Other Registrable Securities when they cease to be held by a Management Holder or his Family Group. For purposes of this Agreement, “Family Group” means an individual’s spouse and descendants (whether natural or adopted) and any trust solely for the benefit of the individual and/or the individual’s spouse and/or descendants.

“Person” means an individual, a partnership, a corporation, a limited liability company, an association, a joint stock company, a trust, a joint venture, an unincorporated organization and a governmental entity or department, agency or political subdivision thereof.

“Public Sale” means any sale of securities to the public pursuant to an offering registered under the Securities Act or to the public through a broker, dealer or market maker pursuant to the provisions of Rule 144 adopted under the Securities Act.

“Registrable Securities” means (i) the Purchased Shares, the Retained Shares and additional shares of Common Stock that may be acquired by the Investors after the date hereof and (ii) any Common Stock issued or issuable with respect to such shares by way of a stock dividend or stock split or in connection with a combination of shares, recapitalization, merger, consolidation or other reorganization. As to any particular Registrable Securities, such securities shall cease to be Registrable Securities when they cease to be held by the Investors or any of their Affiliates.

The terms “register,” “registered” and “registration” shall refer to registration effected by preparing and filing a registration statement in compliance with the Securities Act and applicable rules and regulations thereunder, and the declaration or ordering of the effectiveness of such registration statement.

“Retained Shares” means not more than 250,000 shares of Common Stock, if any, held by Affiliates of the Buyer at the date hereof.

“Securities Act” means the Securities Act of 1933, as amended from time to time.

“Securities Exchange Act” means the Securities Exchange Act of 1934, as amended from time to time.

Unless otherwise stated, other capitalized terms contained herein have the meanings set forth in the Purchase Agreements.

10. Miscellaneous.

(a) No Inconsistent Agreements. The Company shall not hereafter enter into any agreement with respect to its securities which is inconsistent with or violates the rights granted to the holders of Registrable Securities in this Agreement.

(b) Rule 144 Reporting. With a view to making available to the holders of Registrable Securities the benefits of Rule 144 and any other rule or regulation of the Securities and Exchange Commission that may at any time permit the holders to sell the Registrable Securities to the public without registration, the Company agrees to use commercially reasonable efforts: (i) to make and keep public information available as those terms are understood in Rule 144, (ii) to file with the Securities and Exchange Commission in a timely manner all reports and other documents required to be filed by an issuer of securities registered under the Securities Act or the Securities Exchange Act pursuant to Rule 144, (iii) as long as any holder owns any Registrable Securities, to furnish in writing upon such holder's request a written statement by the Company that it has complied with the reporting requirements of Rule 144 and of the Securities Act and the Securities Exchange Act, and to furnish to such holder a copy of the most recent annual or quarterly report of the Company, and such other reports and documents so filed by the Company as may be reasonably requested in availing such holder of any rule or regulation of the Securities and Exchange Commission permitting the selling of any such Registrable Securities without registration and (iv) undertake any additional actions reasonably necessary to maintain the availability of a registration statement or the use of Rule 144.

(c) Remedies. Any Person having rights under any provision of this Agreement shall be entitled to enforce such rights specifically to recover damages caused by reason of any breach of any provision of this Agreement and to exercise all other rights granted by law.

The parties hereto agree and acknowledge that money damages may not be an adequate remedy for any breach of the provisions of this Agreement and that any party may in its sole discretion apply to any court of law or equity of competent jurisdiction (without posting any bond or other security) for specific performance and for other injunctive relief in order to enforce or prevent violation of the provisions of this Agreement.

(d) Amendments and Waivers. Except as otherwise provided herein, no modification, amendment or waiver of any provision of this Agreement shall be effective against the Company, the holders of Registrable Securities or the holders of Other Registrable Securities unless such modification, amendment or waiver is approved in writing by the Company, the holders of a majority of the Registrable Securities or the holders of a majority of the Other Registrable Securities, respectively. The failure of any party to enforce any of the provisions of this Agreement shall in no way be construed as a waiver of such provisions and shall not affect the right of such party thereafter to enforce each and every provision of this Agreement in accordance with its terms.

(e) Successors and Assigns. All covenants and agreements in this Agreement by or on behalf of any of the parties hereto shall bind and inure to the benefit of the respective successors and permitted assigns of the parties hereto whether so expressed or not; provided that the parties hereto may only assign their rights under this Agreement among its Affiliates, and provided that any restrictions contained in this Agreement shall continue to be applicable to the holders of Registrable Securities after any such assignment other than a Public Sale.

(f) Severability. Whenever possible, each provision of this Agreement shall be interpreted in such manner as to be effective and valid under applicable law, but if any provision of this Agreement is held to be prohibited by or invalid under applicable law, such provision shall be ineffective only to the extent of such prohibition or invalidity, without invalidating the remainder of this Agreement.

(g) Counterparts. This Agreement may be executed simultaneously in two or more counterparts, any one of which need not contain the signatures of more than one party, but all such counterparts taken together shall constitute one and the same Agreement.

(h) Descriptive Headings. The descriptive headings of this Agreement are inserted for convenience only and do not constitute a part of this Agreement.

(i) Governing Law. The corporate law of the State of Delaware shall govern all issues and questions concerning the relative rights of the Company and its stockholders. All other issues and questions concerning the construction, validity, interpretation and enforcement of this Agreement and the exhibits and schedules hereto shall be governed by, and construed in accordance with, the laws of the State of New York, without giving effect to any choice of law or conflict of law rules or provisions (whether of the State of New York or any other jurisdiction) that would cause the application of the laws of any jurisdiction other than the State of New York.

(j) Notices. All notices, demands or other communications to be given or delivered under or by reason of the provisions of this Agreement shall be in writing and shall be deemed to have been given when delivered personally to the recipient, sent to the recipient by reputable overnight courier service (charges prepaid) or mailed to the recipient by certified or registered mail, return receipt requested and postage prepaid. Such notices, demands and other communications shall be sent to the parties hereto at the address of each such party set forth in the records of the Company or to such other address or to the attention of such other person as the recipient party has specified by prior written notice to the sending party.

(k) Further Assurances. Each party hereto shall do and perform or cause to be done and performed all such further acts and things and shall execute and deliver all such other agreements, certificates, instruments and documents as any other party hereto reasonably may request in order to carry out the intent and accomplish the purposes of this Agreement and the consummation of the transactions contemplated hereby.

[REMAINDER OF PAGE INTENTIONALLY LEFT BLANK]

IN WITNESS WHEREOF, the parties have executed this Agreement as of the date first written above.

2. Based on my knowledge, this report does not contain any untrue statement of a material fact or omit to state a material fact necessary to make the statements made, in light of the circumstances under which such statements were made, not misleading with respect to the period covered by this report;
3. Based on my knowledge, the financial statements, and other financial information included in this report, fairly present in all material respects the financial condition, results of operations and cash flows of the registrant as of, and for, the periods presented in this report;
4. The registrant's other certifying officer and I are responsible for establishing and maintaining disclosure controls and procedures (as defined in Exchange Act Rules 13a-15(e) and 15d-15(e)) and internal control over financial reporting (as defined in Exchange Act Rules 13a-15(f) and 15d-15(f)) for the registrant and have:
 - a) Designed such disclosure controls and procedures, or caused such disclosure controls and procedures to be designed under our supervision, to ensure that material information relating to the registrant, including its consolidated subsidiaries, is made known to us by others within those entities, particularly during the period in which this report is being prepared;
 - b) Designed such internal control over financial reporting, or caused such internal control over financial reporting to be designed under our supervision, to provide reasonable assurance regarding the reliability of financial reporting and the preparation of financial statements for external purposes in accordance with generally accepted accounting principles;
 - c) Evaluated the effectiveness of the registrant's disclosure controls and procedures and presented in this report our conclusions about the effectiveness of the disclosure controls and procedures, as of the end of the period covered by this report based on such evaluation; and
 - d) Disclosed in this report any changes in the registrant's internal control over financial reporting that occurred during the registrant's most recent fiscal quarter, that has materially affected, or is reasonably likely to materially affect, the registrant's internal control over financial reporting; and
5. The registrant's other certifying officer and I have disclosed, based on our most recent evaluation of internal control over financial reporting, to the registrant's auditors and the audit committee of the registrant's board of directors (or persons performing the equivalent functions):
 - a) All significant deficiencies and material weaknesses in the design or operation of internal control over financial reporting which are reasonably likely to adversely affect the registrant's ability to record, process, summarize and report financial information; and
 - b) Any fraud, whether or not material, that involves management or other employees who have a significant role in the registrant's internal control over financial reporting.

CERTIFICATIONS

I, Paul R. Flanders, certify that:

1. I have reviewed this quarterly report on Form 10-Q for the period ended June 28, 2009 of Carrols Restaurant Group, Inc.;
2. Based on my knowledge, this report does not contain any untrue statement of a material fact or omit to state a material fact necessary to make the statements made, in light of the circumstances under which such statements were made, not misleading with respect to the period covered by this report;
3. Based on my knowledge, the financial statements, and other financial information included in this report, fairly present in all material respects the financial condition, results of operations and cash flows of the registrant as of, and for, the periods presented in this report;
4. The registrant's other certifying officer and I are responsible for establishing and maintaining disclosure controls and procedures (as defined in Exchange Act Rules 13a-15(e) and 15d-15(e)) and internal control over financial reporting (as defined in Exchange Act Rules 13a-15(f) and 15d-15(f)) for the registrant and have:
 - a) Designed such disclosure controls and procedures, or caused such disclosure controls and procedures to be designed under our supervision, to ensure that material information relating to the registrant, including its consolidated subsidiaries, is made known to us by others within those entities, particularly during the period in which this report is being prepared;
 - b) Designed such internal control over financial reporting, or caused such internal control over financial reporting to be designed under our supervision, to provide reasonable assurance regarding the reliability of financial reporting and the preparation of financial statements for external purposes in accordance with generally accepted accounting principles;
 - c) Evaluated the effectiveness of the registrant's disclosure controls and procedures and presented in this report our conclusions about the effectiveness of the disclosure controls and procedures, as of the end of the period covered by this report based on such evaluation; and
 - d) Disclosed in this report any changes in the registrant's internal control over financial reporting that occurred during the registrant's most recent fiscal quarter, that has materially affected, or is reasonably likely to materially affect, the registrant's internal control over financial reporting; and
5. The registrant's other certifying officer and I have disclosed, based on our most recent evaluation of internal control over financial reporting, to the registrant's auditors and the audit committee of the registrant's board of directors (or persons performing the equivalent functions):
 - a) All significant deficiencies and material weaknesses in the design or operation of internal control over financial reporting which are reasonably likely to adversely affect the registrant's ability to record, process, summarize and report financial information; and
 - b) Any fraud, whether or not material, that involves management or other employees who have a significant role in the registrant's internal control over financial reporting.
